LEDA | Multiple programs at different top tiered colleges
<http://www.ledascholars.org/> (none)

Summer Science Program | MITES applicants usually get an extended deadline. Programs for Rising Juniors, Rising Seniors
<http://www.summerscience.org/home/index.php>

Stanford EPGY residential summer school | Stanford program won't hold much weight in college admissions, as it's not hard at all to get into, so it'll just be a really expensive summer camp that you can experience college life at. (nope)

Research Science Institute | Free. Rising Seniors. International Applicants Welcome. (already over)

TASP

SuMAC |

LINCOLN LABORATORY RADAR INTRODUCTION FOR STUDENTS

What is the LLRISE program?

The Lincoln Laboratory Radar Introduction for Student Engineers (LLRISE) program is a summer workshop teaching students how to build small radar systems. This summer STEM program is a FREE two-week residential project-based enrichment program for outstanding students currently in their junior year in high school. The program is typically held in mid-July.

In 2013, the workshop will be held July 14-27.

BANK OF AMERICA STUDENT LEADER PROGRAM

Our Student Leaders® program connects young leaders with employment that helps to give them the necessary tools and resources they need to advance. Through the Student Leaders® program, we recognize high school juniors and seniors who step outside of the classroom to contribute service in their own communities and beyond. Student Leaders® are awarded paid summer internships with local nonprofit organizations and participate in a Student Leadership Summit held in Washington, D.C.
