### **1977 Jeep Wagoneer - \$16,395**

1977 Jeep Wagoneer AWD 401 V8 automatic runs and drives good has A/C only has 39k miles it has cruise control power, brakes, power steering tilt wheel Everything works all the gauges work when the wipers work. I do have the original title. It is a one owner. This truck is rust free. It was sitting for a little bit just went through it Replace the carburetor with an Edelbrock AVS 2 650.CFM 4 barrel and Brand new fuel pump fuel filter plugs, wires, rotor, cap, air filter new water pump, timing cover all new gaskets from top to bottom including valve cover valley pan head gaskets, exhaust manifold, gaskets every gasket replaced a few hoses that need it so it's pretty much good to go. It probably could use some breaks and the AC needs to be recharged. And converted to R134 also, the back window got busted out, but I have a new back window. OEM just never installed it I do have most of the original parts I took off.
