Good evening, well... not if you came home after your “boss” “allowed” you too. After you worked your ass off for a total of \$58a day. Let us tell you a story about someone exactly like you.

Once a happy-go-lucky guy, now lost in the monotony of a 9-5 job, the depressed man struggles to find joy in anything. Everyday feels like a chore, and he's constantly exhausted. His colleagues and friends see the change in him but don't know how to help. He feels trapped in his own mind, convinced that things will never get better. However, one day, a stranger shows him a completely new way to make money. Will YOU listen to the stranger and escape the rat race or will you continue to disappoint your ancestors and be the evil elite's puppet.
