

SUBMISSION STATEMENT

All elements are mandatory and aim to provide transparency and clarity to the process of submitting, evaluating, and publishing the material, ensuring that all authors are aware of and in agreement with the study submitted to the scrutiny of the RAC and its reviewers.

We ask that all authors read this Submission Statement and familiarize themselves with the policies outlined on the [RAC page](#).

1 AUTHORSHIP INFORMATION

It is the author's responsibility to include the co-authorship metadata in the RAC OJS system, which must be the same as that presented in this declaration.

AUTHOR A	
INSTITUTION	
E-MAIL	
ORCID	
Author's ID on social media: Facebook and Instagram	
AUTHOR B

☐ **The author(s) declare(s) the alignment of the research and conformity of the manuscript with open science practices** (availability of research data in data repositories; practice of depositing the manuscript as a *preprint* (when applicable); and compliance with openness in peer review, whether in the opening of the process or in the publication of the review).

2 DECLARATION OF CONFORMITY WITH RAC GUIDELINES

Authors must strictly follow all guidelines and directives of the RAC journal, under penalty of rejection or return for adjustments if any inconsistency is identified during submission.

☐ The authors declare that they are aware of all RAC policies and guidelines.

a) Publication language:

- ☐ Portuguese
- ☐ English
- ☐ Spanish

RAC informs that approved texts will be published in two languages: Portuguese/English or Portuguese/Spanish, at no cost to the authors.

b) Section :

- ☐ Scientific Article
- ☐ Germplasm Article
- ☐ Literature Review Article
- ☐ Scientific Note Article
- ☐ Current Affairs Article
- ☐ Technical Information
- ☐ Opinion Article
- ☐ Current Affairs Article

c) Technical Standardization :

☐ Of and have complied with the publication guidelines and template of the RAC journal;

☐ All information extracted from other publications is provided with citations and references, even those authored by the author(s) and published elsewhere.

3 DECLARATION OF ORIGINALITY

The research must be original, make a notable contribution to the field, and be aligned with the scope of RAC.

☐ The authors declare that this work is original;

☐ The authors declare that no part of this work has been published or submitted for publication in any other scientific journal or magazine, regardless of language. However, *preprint publications* They are accepted by the magazine.

If it is a translation, please state the language and where it was published:

Language: _____

Publication title/journal: _____

4 DECLARATION OF CONFLICT OF INTEREST

Authors must declare that the submitted version is correct and that there are no conflicts of interest regarding the research, data, funding, or authorship.

☐ The authors declare that they are aware of the version of the manuscript being submitted for consideration by the journal Agropecuária Catarinense.

☐ The authors declare that there is no conflict of interest between the interested parties.

☐ The authors declared that any and all financial support that could imply potential conflicts of interest has been declared and is in accordance with RAC's policies.

5 STATEMENT OF ETHICS IN RESEARCH

Studies submitted to RAC must meet high ethical and moral standards.

a) Studies with Humans and Animals

Does the study include a sample with applications in both humans and animals?

☐ Yes ☐ No

If the answer is yes, has the study been reviewed by an ethics committee? Please indicate _____ which _____ committee:

And the research protocol number: _____

b) Presentation of sex and gender in research

☐ The authors declare that they follow the SAGER guidelines - *Sex and Gender Equity in Research* – for the promotion of gender and sex equity and inclusion in research.

c) Duplicate publication:

☐ The authors declare that the submitted material is not a duplicate, in the use of parts or the whole of a previously published text;

d) Plagiarism:

☐ The authors declare that the submitted material contains neither plagiarism nor self-plagiarism;

e) Use of AI :

☐ The authors declare that no type of Generative AI was used for the text writing in the submitted material;

☐ The authors declare that any and all use of AI , within the possibilities foreseen in the RAC Publication Ethics Policy, was duly described and justified in the research methodology.

6 AVAILABILITY OF RESEARCH DATA

Studies that generate research data should make that data available in credible repositories and acknowledge the existence of that data in the study, correctly citing and referencing that publication.

☐ The authors declare that the research does not contain data collected or obtained through analyses, literature reviews, technical reports, or other types of data.

☐ The authors declare that all data from the research have been described and presented in this work.

☐ The authors declare that all data is available in open format.

Specify the repository for the deposit: _____

Date of deposit: _____

DOI of the data: _____

☐ The research data cannot be made available. In this case, indicate if it involves ethical, legal, registration issues, or is a choice of the researchers (indicate and justify the circumstance):

7 **PREPRINT PUBLICATION DECLARATION**

RAC accepts the submission of manuscripts/articles deposited in *preprint repositories*, provided that this existence is declared and correlated to the submitted study.

☐ The author states that the manuscript is **not** a *preprint*.

☐ The author declares that the manuscript **is** a *preprint* and has been deposited in a repository. Which repository is specified?

preprint version : _____

DOI: _____

URL: _____

8 **COPYRIGHTS**

RAC makes its content available through *Open Access*. This way, authors retain all their rights, allowing the journal to publish their work and make it available to the entire community.

The author(s) declare(s):

☐ Acknowledging that the authors retain all their copyrights and grant the journal Agropecuária Catarinense, free of charge, the right to reproduce, distribute, translate, edit, and publish the title described above (or the title that may be subsequently adopted to accommodate the suggestions of the reviewers and editors);

☐ To comply with the *Creative Commons Attribution license* (CC BY 4.0 International), which allows sharing and adaptation, provided that due credit is given, for publication of the texts;

☐ Be aware that metadata follows the legal guidelines of the *Creative Commons Attribution 1.0* (CC BY 1.0 - Universal) license, which is in the public domain.

☐ Being aware that **authors are permitted and encouraged** to share their work *online* (e.g., in institutional repositories, on personal pages, academic networks, and social networks), as this can lead to productive changes, as well as increase the impact and citation of the published work;

The journal Agropecuária Catarinense encourages authors to self-archive their publications on networks such as [Researchgate](#), [Academia.edu](#), and [LinkedIn](#), [X](#), [Facebook](#), [Instagram](#), Blogs, websites etc.

9 AUTHORSHIP CONTRIBUTION

Credit 's guidelines . Authors' contributions should be listed by last name and initials for each author, separated by semicolons, e.g.: Last Name, LA (Author A); Last Name, MB (Author B).

- a) **Conceptualization:** Last name, LA; Last name, MB
- b) **Data curation:**
- c) **Formal Analysis:**
- d) **Obtaining funding:**
- e) **Investigation:**
- f) **Methodology:**
- g) **Project management:**
- h) **Resources:**
- i) **Software:**
- j) **Supervision:**
- l) **Validation:**
- m) **Data visualization (infographic, flowchart, table, graph, images, etc.):**
- n) **Writing – first draft:**
- o) **Writing – revision and editing:**

10 DECLARATION OF CONFORMITY WITH THE OPEN ASSESSMENT

Authors must acknowledge and agree to the open peer review model for manuscripts submitted to RAC. The journal encourages authors and reviewers to adhere to open peer review as a way to increase the transparency of the process.

Would you like to interact directly with the text reviewers in the open review process, if they also agree?

- ☐ The authors declare that they agree to participate in the open review process.
- ☐ The authors state that they do not wish to participate in the open evaluation interaction.
- ☐ The authors acknowledge that they have received the peer review report alongside the manuscript, as described in the peer review policy.

If no reviewers are willing to participate in the open review model, RAC maintains the blind review model.

11 OTHER OBSERVATIONS THAT THE EDITORIAL TEAM SHOULD KNOW

Use this field to provide a detailed description of any observations you consider important that are not included in the list in this Submission Statement.

The author declares to be aware of all RAC policies and guidelines, and to comply with all the guidelines imposed for the submission, evaluation, and publication of the aforementioned work.
