

Here is How This Works:

Here is what MRC will do:

- Select one application to receive a donated dumpster (15 or 30 yard)
- Contact selected applicant within 2 days of application review
- Drop off selected dumpster at convenient date for applicant
 - We will provide a list of prohibited items.
- Pick up dumpster one week from drop off date

If you are selected, here is what you will do:

- Call MRC to:
 - Schedule date for delivery, preferred dumpster size, and placement of dumpster when delivered
 - Provide a credit card that will be used only after the dumpster is picked up and emptied
- Take a few pictures of project work/using dumpster
 - E-mail pictures the day before dumpster pick up; these will be used by MRC on its social media
- The day after we pick up your dumpster, it will be emptied. Then, your credit card will be charged for the weight of material in the dumpster at \$130/ton with a 1-ton minimum.
