8th Grade NGSS Curriculum in TUSD
Week 6

Overarching Concept: Up close: Objects Move and Collide

Day	Date	Lessons
Monday	11/7	**Objective: Continue Building or Improve Design(Steps 7 and 8)** Students will continue to work on building their car and improving their design as they go.
Tuesday	11/8	**Objective: Continue Building or Improve Design(Steps 7 and 8)** Students will continue to work on building their car and improving their design as they go.
Wednesday	11/9	**Objective: Continue Building or Improve Design(Steps 7 and 8)** Students will continue to work on building their car and improving their design as they go. If they are done they will be working on making sure all the information so far has been recorded on their wikiproject.
Thursday	11/10	**Objective: Competition and Write Up Results (Step 9)** The groups will compete for furthest distance and best design. Then work on adding their results to the final part of the group wikiproject.
Friday	11/11	**No School**
