About Me

Hello, my name is Ayaz and I'm 17 years old. I've been playing games ever since I was a child and decided to dedicate my time to Valorant when beta launched. I found myself gravitating towards the controller role and ever since then have been putting time in and out of the game to perfect my craft. My drive to win and to be the best is what keeps me going everyday. My schedule is very open and I'm open to any criticism or changes I should make for any team I'm on.
