

TeamFive Goal Setting Sheet

There are many learning goals in fifth grade. Choose two of the goals below to focus on during the school year. Choose a goal that will inspire you to persevere, utilize student/teacher/parent help, and will make you a better student once you achieve that goal.

Choose one social competency, reading, writing, and math goal to focus on in the next five months.

Social Competency Goals

✓	Goals	Action
	Social Competency: Develop Character	To build character, I will pay attention to the attributes of character , and work to develop those attributes in my daily experiences at school.
	Social Competency: Collaborate Well	I will work at my skills to successfully team and collaborate with classmates and others . I will seek teacher/parent/classmate support when needed.
	Social Competency: Following Directions	I will increase my ability to follow directions and complete classwork/homework assignments.

Reading and Writing Goals

✓	Goals	Action
	Reading: Read Fluently	To improve reading fluency, I will read for twenty minutes every day.
	Reading: Comprehend What You Read	To improve reading comprehension, I read for twenty minutes every day and write/talk about the books I read daily.
	Writing: Write Fluently with Voice, Clarity, and Craft	To improve my writing

Math Goals

✓	Math: Improve Fact/Computation Fluency and Accuracy	To improve fact/computation fluency and accuracy, I will use Xtra Math and classroom/homework assignments to practice facts for a minimum of ten minutes each school night .
	Math: Master Fifth Grade Standards	To master the fifth grade standards, I will do the following: • Listen carefully and participate thoughtfully during classroom lessons. • Take text and sketch notes as I listen in my online or offline math journal. • Complete all math homework and classwork. • Write a paragraph (5-10 sentences) each day about what I practiced and learned in math class.
	Math: Enrich Math Knowledge	To enrich my math learning, I will do the following: • Complete bonus math homework each week. • Sign up for Khan Academy at home and complete all grade five math assignments. • Read math non-fiction books to learn more. • Watch math videos to increase your knowledge • Play math games online and offline to increase knowledge • Complete TenMarks Jam Sessions and other activities • Complete Symphony Math
