

## Career and Technical Education (CTE) Course Articulation Agreement with Wake Technical Community College

The local Articulated Course Agreement between Wake County Public Schools and Wake Tech Community College allows students to earn community college course credit in their high school Career and Technical Education courses.

**To earn the community college credit for the CTE courses listed below the student must**

1. Earn a Grade of B or higher in the course
2. Earn a scaled score of A on the NCDPI CTE post assessment.
3. Students must enroll at Wake Tech within two years of their high school graduation date.
