

Nellie's

Product: Dishwasher Cubes

These dish cubes contain extra enzymes and don't require a pre-rinse or rinse aid. They are convenient, space-saving, PVA/Microplastics-free, and highly effective on grease and grime. If that isn't the ultimate most mega-power way to do your dishes, we don't know what is.

Cubes fit in most standard dishwashers and are approximately 7/8 inch or 22.22 mm.

How to Use:

Place one dishwasher cube into the washing dispenser. No rinse aid required! Be sure to handle them with dry hands. Store in a cool, dry space.

Ingredients:

- Sodium Carbonate
- Sodium Chloride
- Citric Acid
- Sodium Carbonate Peroxide
- C12-16 Ethoxylated Propoxylated
- Sodium Metasilicate
- Sodium Sulfate
- Enzymes (Protease and Amylase)
- Lemon - same as unscented with the addition of pure lemon essential oil

Product: Shower & Bath Cleaner

Made from a plant-based formula, Nellie's Shower & Bath Cleaner provides exceptional cleaning power against soap scum and grime.

Best of all, it is biodegradable and contains no harsh chemicals, phosphates, or strong perfumes. It does, however, leave a refreshing, natural lemongrass scent.

How to Use:

- Turn the nozzle to "ON" position.
- For general shower cleaning, spray the entire area and allow the solution to set for at least 30 seconds to loosen the dirt.
- Scrub with non-abrasive sponge if necessary, rinse and wipe clean.

For daily shower cleaning, mist all wet surfaces including shower curtain right after your shower and allow it to dry. Do not use natural stone, marble, brass, or damaged or cracked surfaces.

Product: Oxygen Brightener

Oxygen Brightener uses the power of oxygen to penetrate stains and strip away dirt, odor, and grime. As a safe alternative to bleach, it keeps your colors bright and your whites white. Above all, the formula is chlorine-free, color-safe, septic-safe, and hypoallergenic

How to Use:

Machine wash: Add into the wash cycle with Nellie's Laundry Soda. Small loads - 1 tablespoon; regular loads - 2 tablespoons; large loads - 3 tablespoons. Use 3 tablespoons for very dirty or stained clothing.

Pre-soak or hand wash: Separate whites from colors. Use only one tablespoon along with Nellie's Laundry Soda in 10 L (2.6 gallons) of WARM or HOT water. soak for 1/2 hour then rinse thoroughly.

General stain removal: Create solution using 1 tablespoon per 16 oz (500 ml) of water for upholstery, fabric, kitchen floors, counters, trash cans and all other water washable surfaces. Apply solution to stain, wait 1-5 minutes, scrub with sponge or blot with towel. Rinse thoroughly and allow to dry.

Carpet spot remover: Create solution using 1 tablespoon per 16 oz (500 ml) of water. Soak up excess liquid before applying the solution to stains. Use only enough to cover the stain area, wait 1-5 minutes, soak up with white towel. Repeat if necessary. Rinse thoroughly with water and blot dry. Vacuum once dry. **DO NOT USE:** On wool, silk or leather. Not for use on jewelry, latex, paints or wood.

Ingredients:

Sodium Carbonate, Sodium Percarbonate, Sodium Sulfate, Linear Alcohol Ethoxylate
