

1. Hi {{FirstName}},

Let's be honest —

Schools don't teach kids how money actually works.

Yet the world is changing fast, and most parents are worried their kids will fall behind.

That's why I want to share something powerful with you:

Mykidpreneur+

It's a simple, fun, parent-guided app that helps kids (ages 6–17) learn:

- Money basics
- Entrepreneurship skills
- Confidence and responsibility

All through **gamified challenges**, not boring lessons.

If you want to turn screen time into real-life skills, check it out here:

👉 {{AFFILIATE_LINK}}

Your child's future skills matter — and this makes it easy to start.

To your family's success,

2. Hi {{FirstName}},

If you're a parent, you've probably thought this before:

"I want to help my child... I just don't know where to start."

That's exactly why **Mykidpreneur+** stood out to me.

It guides parents step-by-step and gives kids:

- ✓ Fun weekly challenges
- ✓ Real-world money skills
- ✓ Confidence that grows over time

No pressure. No overwhelm. Just progress.

Each family gets access for **up to 2 children**, and it's backed by a **30-day guarantee**.

See how it works here:
