

Community WiFi Access Locations for Students

Information on PHSchools Free WiFi hotspots: [LINK](#)

SCC RESA's IT Department has set up the **hotspots in school parking lots across the county** so users can maintain social distancing while accessing the internet from their cars.

The project was made possible by a Michigan MiConnect grant.

Parking lot WiFi locations and directions on how to connect to the network are available on the RESA website at www.sccresa.org

Hillside Wesleyan Church

Students may use the parking lot or a table in the Family Life Center.
Supervision is required for students. Social distancing will be observed.

Hours available for building access are Monday - Thursday, 9 a.m. - 1 p.m.
The parking lot is always open and available.

Address:
5114 North River Rd.
Clyde, MI 48049

Phone: 810-985-9614

The Holy Trinity Parish (St. Stephen) at 325 32nd Street will provide access to their WiFi network for any students that are in need.

Please contact Deacon Dennis Crimmins at (810) 531-8232 for assistance.

Mt. Pleasant Bible Church

Church does not have regular office hours, so the building will not be open, but students are able to access the WiFi from the parking lot or picnic tables at any time.

Address:
1530 Emerson Rd. Wales, MI 48027
Access location: Outside (parking lot or picnic table area)
Access availability: 24/7
WiFi name: GuestHomeworkAccess
WiFi password: studywell1
Contact person: Stephen Anderson
Contact email: anderson@mpbchurch.com
Contact phone: 810-325-1343

YMCA of the Blue Water Area

Open WiFi available at the Y that is accessible outside the Y, from our lobby and arrangements can be made for space available inside the Y in the public area for downloading lessons, etc. in the lobby area when we are open during our posted hours.

M-F 5 AM to 7 PM

Saturday 7 AM to 2 PM

In order to come inside, individuals need to complete a health check (temp and screening questions) and would be able to use the tables that overlook the gym and the pool in our public space. Supervision required.
