

Monthly School Board Report

School: Middle School

Submitted by: Heidi Stanley

Date: 6/7/2021

Enrollment:

	6th	7th	8th	Total
August	157	169	136	462
May	147	162	122	431
End of year	149	163	122	434
Edmentum / SLO	0 (5) / 3 (15)	0 (2) / 3 (9)	4 (8) / 3 (7)	4 (15) / 9 (31)

Online learners summary: We ended the year with four 8th graders enrolled in Edmentum. Three of the four required extensions through June in order to complete the courses. Two of the three are attending summer school. Both of these students are on IEPs. Two of the four students were enrolled in algebra as advanced math students. Both will need to retake algebra next year.

We ended the year with nine SLO students. All but one have met mastery on all outcomes. One of the students that returned to in person instruction in April will need to retake math next year; however, she has met mastery on all other content outcomes.

We have one in person student that requires summer school to complete outcomes.

Average Daily Attendance: 94.46% (May)

Goal: 100%	Previous Month: 94.01% (April)	Year to Date: 94.69%

Implementation of Professional Development and Curriculum Materials:

Current Building PD Focus:

On the last day of school, we celebrated the implementation of PBIS with both students and staff. Everyone was able to pick from three Sugar Makery treats: kettle corn, pretzel sticks, and salt water taffy. This was a huge success and a great way to end the year!

The lead team is making plans for year 2 of PBIS implementation, and I am attending a conference with the MS SEL in June to become more familiar with Capturing Kids Hearts. We will be integrating the two in the fall.
