

SUMMER READING SUGGESTIONS FROM THE MASS TEEN CHOICE BOOK AWARDS

Summer reading has so many benefits. Take some time over the break to keep your mind sharp while escaping the stress of daily life. Books offer a window to the world, broaden your horizons, provide entertainment, enrich your mind, and expand your vocabulary!

Visit your local library and peruse the shelves. ***See Mrs. Noel with any questions you have.***

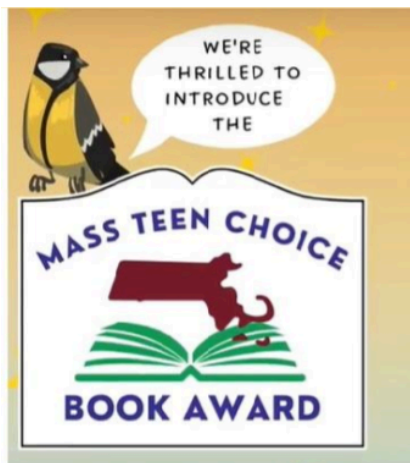

Announcing the Massachusetts Teen Choice Book Award

For some summer reading title choices, check out the [2025 Mass Teen Choice Book Award nominees](#). Read as many as you can and then VOTE in September to crown the Mass Teen Choice Book Award winners!

This is the only award in the Bay State that invites students in grades 7-12 to vote for their top new books. The list of nominees is curated by a committee of public librarians, school library media specialists and educators.

Teens are invited to read the titles during spring and summer and vote for their favorite books in September 2025.

The top teen choices will be announced in October 2025 at the Massachusetts Library System's Teen Summit.

This award invites students in grades 7-12 to select their top new books of the year!

The list of nominees was curated by a committee of public and school librarians. Teens are invited to read the titles starting during spring & summer of 2025.

Statewide voting will be held in September.

Hopefully this will encourage the teens of our state to seek out and read some of the best new books published for their age group.

The Massachusetts Teen Choice Book Award is a cooperative project between the Massachusetts School Library Association (MSLA) and the Massachusetts Library Association (MLA) with support from Salem State University.

The Massachusetts Teen Choice Book Award is a cooperative project between the Massachusetts School Library Association (MSLA) and the Massachusetts Library Association (MLA) with support from Salem

State University. For more information on the award process, the selected titles and how to participate and vote, please visit www.mateenchoicebook.org

Please note: Although the books on the list have been carefully selected, every family is unique and holds different values. Different families have different perspectives on what is most appropriate for their student so please read the summaries provided and review these books carefully before deciding which ones are most appropriate for each student/your child.
