

Volunteer, Growth & Development (Remote), Fortify Health

Job Description

Divisions: Executive

Location: Remote (>2 hours overlap between 8am - 5pm India Standard Time - twice per week)

Time commitment: 10–20 hours/week; flexible work hours

Contract length: Immediate – end June 2026 (with potential to transition to a paid role)

Closing: End of Day, Friday, April 24th 2026 (applications reviewed on a rolling basis)

About Fortify Health

Fortify Health has a vision for a healthier world where everyone has the micronutrients they need to survive and thrive. We work toward this by enabling access to micronutrient-rich wheat flour to reduce and prevent iron deficiency anaemia. We currently work in many regions across India but are planning to expand to new regions in the coming years.

Fortify Health operates through three work streams:

1. Open Market Support: We support millers to cost-neutrally fortify chakki atta in the open market. Details of the regions we operate in and our beneficiaries can be found [here](#).
2. Government Partnership Support: We work with governments in India to mainstream wheat flour fortification through social safety net programs
3. Evidence Generation: We conduct monitoring and evaluation of activities to inform the public about the value of food fortification

To read more about our work and impact, visit our “What we do” section on our website [here](#).

Role Overview

We are seeking a highly motivated volunteer to support Fortify Health’s growth and fundraising strategy during a critical phase of scale-up.

We have just received a large grant to expand our open work to reach ~60 million people per month (currently ~20 million per month) over the next three years and are looking to strengthen how we engage with the effective giving ecosystem and major philanthropists globally.

You will work directly with the CEO and Chief of Staff developing fundraising strategy, donor engagement, and communications. This is a fast-paced, high-exposure role suited to someone excited to apply evidence-driven thinking to real-world fundraising and growth.

Key Responsibilities

- Support the development of Fortify Health's fundraising and growth strategy
- Support engagement with effective giving organisations and major philanthropists
- Translate evidence, cost-effectiveness analysis, and program data into clear, compelling materials
- Develop communication assets (decks, briefs, written content, multi-media outputs)
- Assist with outreach to relevant communications platforms and networks

What You'll Work On

- Direct exposure to conversations with effective giving organisations
- Crafting narratives that communicate cost-effectiveness to diverse funder audiences
- Bridging technical evidence and accessible storytelling
- Supporting real-time fundraising and partnership efforts

Who We're Looking For

- Strong proactiveness, clear growth mindset and ability to work independently
- Excellent written and verbal communication skills
- Comfort engaging with data and translating evidence into narratives
- Ability to work in a fast-moving environment
- Familiarity with effective altruism / effective giving strongly preferred
- Experience with media, communications, or design (AV, decks) is a plus
