## [Fuck ass]

The hat makes it easy for you to spot the Imp Lord among his peers. The battle has left him weak and he has fallen into his own face, which now rests on the ground while his ass remains up in full display. Voluntary or not—most likely the second one—it's an inviting position that tempts any passerby to use his hole. [pc.isDK|Not that you have any complaints. You love seeing people like that; it eases things for you|And judging by the rope of pre dripping from his cock, the little imp would love every second of it].

Drool drips from the imp's tongue as his hunger for cock makes him salivate. His gaze finds you and he keeps staring while you approach his rear, but he doesn't question your intentions. Hell, he looks even more excited. It seems like the little fucker could cum just from your mere touch, but you're going to do more than that. And he knows it.

*"You think making me take your cock degrades me?"* he says with a high pitched voice while turning his face towards you. *"We're made for fucking, you fool. You're doing just what I want you to do!"*

*"Sure thing, buddy."*

You place your hands on his buttocks to spread them wide open and his whole body twitches as cum starts to leak out of his hard cock, just as you expected from the desperate imp. His high pitched moan reaches your ears, awakening a sinister smile on your face. This hasn't even started yet.

The quivers are still dominating the imp's body, but you aren't planning on granting him any respite. You spit on his asscrack for some much-needed lube and watch how his hole tightens when the warm touch of your saliva moistens his entrance. [pc.isDK|He better be grateful for that spit, because that's all the preparation you're willing to give him|He knows what comes next, and you're not going to make him wait].

With an unceremonious movement, you take your [pc.gear] off [pc.isCrotchVisible|and your [pc.cock] is freed to the air, hard and stiff like a minotaur's arm| which falls to the ground and finally lets your body free of any restrain]. The Imp Lord opens his mouth to, surely, make some witty remark, but you don't give him enough time for that. You lean forward, one hand

pressing the imp's head into the ground while the other makes sure your cock is aligned with the little fucker's hole, and then you rock your hips forward.

Instead of words, the Imp Lord lets out a loud gasp as your manhood fills his hole. His fingers dig into the ground, while cum starts leaking from his dick once more. And to think you're only halfway in.

[pc.isDK]"Fuck! Oh god, fu..." he starts saying once he has gathered enough strength, but you force him to stop mid-sentence.

"Shut the fuck up," you say while you make the hand you have on his head also cover his mouth. "I'm here to fuck you until [pc.hasBalls|my balls get tired|I get tired of it], not to hear your screams." ["Fuck! Oh god, fuck, fuck, fuuuuuuuck!" he screams once he has gathered enough mental strength to talk.]

That makes you think It's about time your whole dick gets to enjoy the warmth of his hole, so with your free hand you hold onto his hips and thrust your pole inside. The Imp Lord's eyes widen as he gasps [pc.dcb|into your palm|], and soon, [pc.isDK]a new moan is muffled by your grip|he releases a new moan to the air]. He quivers under your weight, his insides tightening around your shaft. The fucker just cummed again, but you're not doing this for him.

You pull out until nothing but the tip remains inside, and then you ram your prick towards his depths once more. His flesh envelopes your tool, begging for your seed to flood all of his ass, but you want to ravish him some more; you want to make a mess out of the little fucker, so you keep pounding him.[pc.cockRange 0 5] Every time you lose sight of your cock to bury it inside, you feel the Imp Lord twitching as he shoots another load onto the floor| The sheer girth makes your cock bulge out of his abdomen every time it gets buried up to the hilt, and every time the bulge appears, the Imp Lord shoots a thick load of cum onto the floor]. The greedy imp doesn't stop cumming, yet he still can't get enough.

After a few lunges, his ass stops gripping you and gets used to your size, so you need to make up for it with your thrusts, allowing your body weight to fall onto the imp with every movement. Each time your pelvis clashes against his rear, the Imp Lord trembles and tries to take a little jump forward, unable to withstand the waves of pleasure that your powerful fucking is spreading through his ass.

Luckily, your hand is still pinning his face to the ground, so the little jumps can't take him anywhere and you can fuck the imp with all the strength you desire. Which is no small amount.

The sound of your flesh clapping together mixes with the[pc.isDK] muffled moans hopelessly escaping the Imp Lord's mouth| high pitched moans the Imp Lord can't keep to himself]. His ass now welcomes your cock with hunger, he is asking you to make that hole loose[pc.isDK], but you don't give a damn about what he wants, you just care about spraying your cum inside, and you want that seed to reach his fucking throat|, and you're gonna do just that]. You dig your fingers into his waist and pull him onto your cock for each thrust to go deeper inside.

The little fucker can only open his eyes wide and let his insides be smashed while[pc.cockRange 0 5] you enjoy how his searing asshole not only welcomes you, but begs for your presence| the bulge inside his abdomen slowly grows bigger as you enjoy having his whole body around your dick]. The heat enveloping your [pc.cock] makes it hard to breath, yet you don't slow down nor soften your touch. No, you pound his hole with wrath, every muscle of your body working together to impale him, one powerful thrust after another.

A warm chill runs through your cock and warns you about what's coming. You bury yourself to the hilt in the imp and let out a sigh when your prick explodes white, which causes the Imp Lord to quiver and cum once more. With his own orgasm, his body trembles and wraps tighter around your tool, trying to milk every drop out of you. If he wants every drop, he will have it. You dedicate your strength to send your cock as deep as you can, your pelvis pressed against his asscheeks, which are now turning a different shade of red because of the rough treatment your thrusts have imparted. Each rope of spunk you shoot sends a pleasant shiver down your spine and you pin the Imp Lord to the base of your dick to make sure all of your seed goes inside and bloats his ass.

Your own gooey juice starts covering your cock, which still twitches and cums for a couple of times before finally going soft. An ivory river flows from his hole when you pull out and his legs tremble as his ass falls to the ground into a puddle of cum.

## [Enough]

You let out a satisfied sigh. That was the relief you needed, so you gather your [pc.clothes] and leave the lust-drunkimps behind.

## [Keep Going]

//Needs to be corrupted (75+)

Your cock may have gotten soft, but you said you would fuck the Imp Lord until[pc.hasBalls| your balls| you] got tired, and you plan on keeping your word. It's not your fault that it takes more than a single round to beat you.

You flaunt your cum-drenched tool above the imp's head. His mouth is still drooling on the ground, his eyes eagerly following your manhood. The poor soul is so exhausted he can't even move, but fortunately you can help him with that.

With both hands, you grab his head and lift it from the floor and towards your cock, which you bury inside his mouth without a second thought. As soon as he feels you inside, his tongue starts cleaning every drop of spunk off your dick. His touch feels hot, almost burning, and aided by his laps, your cock gets harder and harder.

He lavishes your tool like the cum-thirsty bitch he is, but you don't want to let him savor your seed. What you want is to fuck the shit out of him, to empty your balls inside him until not another load can fit in his red body. So you start rocking your hips. There's no time for his tongue to work on you anymore: your cock moves in and out rapidly, and he is too lost in the movement to do anything other than letting you fuck his mouth.

Still, that's not enough to satisfy you. You need to send your manhood down his throat and to do so, you push his head onto your dick after every thrust. His tight throat welcomes you with ease; a muffled moan lets you know he is even glad you pushed your cock so far inside of him. That insatiable little bitch.

His eyes can't stop rolling back, drool drips out of his mouth towards his chin, and his quivering makes it clear he is still cumming, but you don't care about any of that. You care about using the warmth of his mouth to pleasure you; you care about making sure you fuck every hole you desire until you get tired of it.

With a final grunt, you sheathe your cock inside his gullet[pc.cockRange 0 5] —shaping a bulge out of his throat—] and start shooting your load. His lips are wrapped tightly around the base of your dick so not even a single drop can escape out of his red, cum-hungry body, and the spunk begins to make his belly even more bloated than how you left it after ravishing his ass.

You don't stop cumming and semen keeps flooding the Imp Lord's insides, but just when you think he's about to explode, your cock lets out one last rope of jizz and you pull out of him.

The imp falls to the ground and onto the pool of cum once again, his tongue stupidly lolling out into the white puddle. He might have been right; imps are made for fucking, but this one may have tried to bite off more than what he could chew.

With a satisfied grin, you gather your [pc.gear] and get ready to hit the road.

## [Dildo ride]

/Find yourself a very big cock and use it like a dildo.  
/VagOrAss

Looking around you, all you see are lust-drunk imps humping whatever they can, desperate for some kind of sexual relief. Maybe it's the scene unfolding before your eyes, maybe the battle has worked up your groin a bit too much, or maybe it's just the feeling of triumph against those creatures, but you have to admit you're pretty horny yourself. Fortunately, you have plenty of dick to choose from for the ride.

It's a forest of red, veiny cocks, but one of them stands out among the others. Long like that of a horse, fat, and just about to cum, it's just how you like them, so you approach his quivering owner and his boyish hips. The imp has both of his hands around the shaft and is

using them to rub the rod, clenching his teeth while he waits for a release that is just about to come. Or it would have been if it wasn't for you.

You kick his hands out of the way, which forces him to open his eyes and look at you with astonishment, his stare quickly turning into a cocky one when he sees you're removing your [pc.gear] and he realizes what's going on.

*"Oh, yeah. You're in for a good fucking. I can't wait to burst inside your [pc.vagOrAssSimple],"* he says.

[pc.dcb]*"Dildos don't fuck, they get fucked, and they don't burst inside anyone either. They just get wet and abandoned once I get tired of them,"* *"We'll see who enjoys the fucking,"* *"Really? Well, I sure hope so!"* you say while you start lowering yourself towards his pole and the thick drops of pre-cum it's leaking.

You're crouching above the red cock, its head roams around your [pc.vagOrAss] entrance [pc.vagAss] and your own juices of excitement run down his length, his wet anticipation moistening your hole and making it easier for you to eat the whole thing up. Still, you want to take your time, so you move your hips slowly and enjoy the feeling of that big fat dick beginning to part your insides.

His tip comes first. It's hot, almost burning, and it swells as if it were trying to fill your [pc.vagOrAss]. Fuck, you would even say it accomplishes its goal: you feel full already, and there's still the whole rod to bury inside your [pc.vagOrAssNoun]. You let out a sigh of encouragement to yourself; you may need it after all.

*"Is my cock too much for you?"* he says, but his high pitched voice trembles; the fucker is not far from cumming himself. And you're going to have some fun with that.

With a deep breath, you brace yourself and let your weight fall onto his lap. The shaft goes inside you in one go, your [pc.vagOrAss] swallowing every inch up to the base. You let out a muffled gasp when the rod fills you—and it fills you good—but the imp shouts a full-on groan after feeling how your [pc.vagOrAssNoun] wraps around his tool.

His moans turn into a cocky laugh, and you start feeling every vein in his big cock throbbing and swelling with desire. The little fucker thinks he's won, he thinks he is gonna burst his nut inside your [pc.vagOrAssNoun]. But he is wrong. You lower your hands towards the base of his rod and tighten your fingers like a ring around his girth. It twitches and quivers and pulses, following the rhythm that the imp's heart dictates, yet not even a drop comes past your grip and your [pc.vagOrAss] remains unstained. After all his excitement, the only thing the imp can let out is a scream of frustration.

[pc.dcb]*"I told you, you're my dildo, and dildos don't cum inside me,"* *"Sorry, but my enjoyment comes first,"* *"Not yet, silly! I still gotta enjoy the ride,"* you say, slowly moving your hips while his cock keeps throbbing.

A sigh escapes through your lips. Gods, every move takes your breath away. You knew that dick was big, but feeling it against your [pc.vagOrAssNoun]'s walls is something different. How it spreads your insides, how it reaches your deepest folds; you picked a good dildo.

Every inch of cock coming out of your hole, does so drenched by [pc.vagAss|your juices|his own pre], only to come back again with increased ease each time and make you moan. Your [pc.vagOrAssNoun] learns to embrace the prick's size, allowing you to bounce with a faster tempo and you bite your [pc.lips] to bring your thoughts back from the numbing pleasure. For fuck's sake, if you didn't know better you would swear that dick is reaching deeper with each thrust.

You're not the only one getting all worked up. The imp himself is digging his fingers into the ground, overwhelmed with more lust than he can handle, but no matter how much he groans and begs, how much his toes curl and his body quivers; shooting his load is an impossible task thanks to your grip. Still, you feel his cumvein throbbing with anticipation and you know for sure that when the little fucker cums, he is gonna shoot enough seed to fill a mare to the brim.

Your eyes roll back when the swollen knob rubs against one of your sensitive spots, causing you to bounce harder on the imp's lap, making sure to get sheathed to the hilt. His big bloated balls spank your asscheeks, and his cockhead stops rubbing against your walls to slam them instead, which causes your legs to start quivering and forbids your mouth to hold back any of your moans.

His dick's burning heat makes you melt and your breath gets heavier. Your insides keep demanding that you send that cock deeper up your [pc.vagOrAss], and you try to fulfill that wish by arching your back. Your [pc.toes] curl as thoughts leave your mind, and a feeling even hotter than the imp's prick starts to build up near your chest. It's a chill that runs down your spine and takes over your whole trembling body while you moan your lungs out and your[pc.hasVag| cunt juices drip down your thighs| dong unloads your spunk on the poor imp, covering his red skin with white].

Orgasm comes to you and you embrace it with no shame, rocking your hips up and down to devour that big, fat cock with your [pc.vagOrAss] until your hunger is satiated[pc.dcb], but your partner is not so lucky.

The imp clenches his teeth and claws the ground. You can feel his prick is about to burst, his bloated balls already sending the impatient load to his rod, yet you tighten your finger's grip around the base of his shaft to stop the white river from flooding your insides.

You've already gotten the relief you wanted, so you stand up and let the imp's cock fall wet from your [pc.vagOrAssNoun]. Only then you release his tool from your fingers, making him open his mouth in awe, his eyes rolling back while he spurts a mountain of cum over himself. Load after load, the spunk keeps coming until he gets buried under a mountain of seed, which only leaves out his head.].

Consumed by your own pleasure, you loosen the grip your fingers had around his shaft and the imp's climax erupts inside you. The warmth of the gooey juice is quick to spread through

you while making sure to paint everything white. It isn't long before you feel his seed dripping from your [pc.vagOrAssNoun], but at this point you're too horny to care. In fact, it's arousing to think that you're getting drenched by such a nasty thing.

Your hips move faster and the cock manages to reach further now that the jizz works like lube. You close your eyes and embrace your second orgasm. You're cumming while your [pc.vagOrAssNoun] is full of imp's cum, and the truth is you enjoy it.

Breath leaves your chest[pc.hasCock] and semen spurts from your cock] and your body quivers again]. The second climax is just as good as the first one; you feel your voice trembling between your moans and you clench your teeth in a desperate attempt to handle your pleasure.

Thoughts return to your mind as you begin to recover. Now you're finally satisfied, so you stand up and let the imp's cock fall from your [pc.vagOrAssNoun] alongside a river of white juice.

You're sure the imp would like to add some cocky remark, but after cumming so hard the little fucker is too exhausted to say a word. He just mumbles with his eyes half closed and his tongue lolling outside his mouth. Now he may think twice before jumping on the next traveller.]. You love having your [pc.vagOrAssNoun] full of meat. Jumping on it, feeling it scraping your insides... there's only one thing that could make this moment even better, and that would be getting flooded by cum.

Your fingers let go of the shaft's base and spunk starts flooding you just as you wished. He shoots his gooey, sticky jizz deep inside your [pc.vagOrAssNoun], and you pant and moan to celebrate, hoping to milk every drop out of him. The feeling of being filled with the warm spunk is one you simply like too much. You enjoy how it reaches every inch and every fold and how you can close your eyes and picture your [pc.vagOrAssNoun] walls painted white.

Only when the imp's cock starts getting soft do you decide it's time to leave. The imp is too exhausted to move and can only look at you with lusty eyes, but that dick won't give you milk again anytime soon, so you better look for another prick somewhere else.]

A satisfied sigh comes out of you and then you gather your [pc.gear]. It's time to hit the road once again.

## [Voluntary gang bang]

/Now that you've shown them who's boss, you can be a slut and get fucked in every hole.  
/Needs to be corrupted  
/Needs vag

You've won the fight; you're definitely the stronger one, the bigger fish. But now that fish wants to get fucked, and luckily you're surrounded by lust drunkimps whose only wish is to do just that.

They're tired and exhausted, yet lust is stronger than that, and you know it well. So you get rid of your [\[pc.gear\]](#) and lean against a nearby rock, exposing your naked cunt to your defeated foes. The cold breeze is the first one to caress your lower lips and you answer by sticking your ass out, your labia opening just enough to show a peek of your moisture.

Just as you expected, the mere view of your naked body is enough for one of the imps to overcome his pain and fly towards your rear. You don't see him. What you notice is the noise of his flapping wings coming closer until they stop and the burning heat of his cock buries itself inside your [\[pc.vag\]](#) with a sudden thrust. You welcome the feeling with a loud moan but don't look back to see what imp is fucking you. You don't really care; what matters is that you have a huge dick filling your hole.

Invited by the sound of your pleasure, other wings start flapping, and you soon see yourself surrounded by red cocks, already leaking precum everywhere. You're busy smiling at the prospect of good fucking when someone spreads your asscheeks and presses one of those massive rods against your asshole.

Your ring offers some resistance at first, but then the imp inside your cunt begins moving his hips and his cock rubs your deeper folds with his big swollen knob. The overwhelming feeling makes your lower muscles shrink and then loosen, and it's at this moment that your ass gets impaled by the waiting red prick.

It's just as massive as the one you have in your pussy and it pushes you forward against the cold rock. You try to moan, but before any sound can escape your throat, one of the imps pushes his tool inside, then another, and a third one misses its target to spread a rope of pre across your face instead. The two cocks fight for room inside your mouth, stretching your [\[pc.lips\]](#), which still manage to wrap around both poles.

You're gonna get filled with spunk once they finish, but that's not enough: you want their disgusting spunk to also color your [\[pc.skinFurScalesNoun\]](#). So, you take one of the imps by the shaft and pull him closer to start jerking him off. Another imp sees his chance and takes your other hand towards his own groin.

Your fingers stroke both of their rods with a tight grip. From the base up to the tip, you feel every bulging vein pressing against your palm and you make sure each one gets enough attention, hoping their load will be bigger that way. Still, your handjobs are clumsy and their rhythm is guided not by your will but by the involuntary movement of your body after every thrust you receive.

Every lunge makes you want to moan, but all attempts end up muffled by those big cocks stuffing your mouth. They go in and out, each one trying to monopolize your spit, but you have enough saliva for both of them and you lick those rods making sure they get shiny and warm. You want them to love being inside your mouth just as much as you love having them bloating your cheeks, that way every time they pull out, they come back with renewed desire and push their lengths deeper down your throat.

The imps fucking your face rock their hips with chaotic eagerness and lustful rage, which pushes you back against the two fucking you from behind. Pleasure comes from your asshole and cunt to steal any thoughts from your mind. You can only think about those cocks filling every hole in your body, how their girth spreads your insides and their thick pre-cum gets smeared over every inch of your walls.

Just knowing how much of a slut you're is enough to make your juices overflow your twat, and the wet sound it makes while getting stuffed tells everyone around you how much you enjoy it. And you don't care. The cock in your asshole pounds your inner wall, and the one inside your cunt insatiably answers back, beating that same all from the other side. Oh god, such a toe-curling pleasure is worth all the shame it could bring.

As if it were a prize for thinking like a two-cent whore, the pricks receiving your handjobs finally shoot their white seed all over your [\[pc.skinFurScales\]](#). The big loads fall on your hands and shoulders, covering them with the warmth of their thick semen, but you keep rubbing their shafts with your clumsy and arrhythmical strokes, thinking only about how much more cum they can shower you with.

Your hands only stop for a brief second when the two cocks are suddenly taken away from you and replaced with those of other imps eager for release, but they quickly resume their task. Fresh dong means you'll soon have more cum over your body, which increases your excitement. Your fem juices are dripping down your thighs while the imp fucking your pussy groans over the splashing sound of his thrust against your wet [\[pc.vag\]](#).

The extra lube covers his meat, allowing him to reach even deeper, and you notice the girth of some cock bulging out of your abdomen. It could be the one filling your cunt or the one ravishing your ass, but the truth is it's probably both of them, matching their piston-like motions so the moment one pulls out the other takes its place. You love how full you feel, how their constant thrusts deny your insides a single moment of peace, and how they force your holes to loosen every time they push their manhoods in.

A sudden warmth spreads through your cunt when the rod that was fucking you sheathes itself as deep as it can reach. It starts throbbing, bringing waves of gooey nut that flood your [\[pc.vag\]](#). The arousal makes your breath heavy and your tongue tries to loll out, but the two cocks using your mouth are quick to push it back inside.

Seeing how your pussy gets its fill, your ass tightens around the fat prick that's banging your backdoor, desperate for its own share of thick milk. And you understand the feeling. You're also waiting for the final release, you want every inch of your body drenched by cum, inside and outside; you don't want to have a single spot unclaimed by their sticky spunk.

Moved by your desire, your handjobs become eager and the imps answer by rocking their hips faster. The horny creatures who were jerking off around you approach your naked body, some even daring to grind their needy cocks against your arching back. Their touch is searing, and the thought of having so many dicks on you makes your eyes roll back, but you don't get to enjoy the feeling for long.

All those cocks grinding you back soon begin twitching and the heat of their rods is soon overshadowed by that of ropes of cum falling on you. You can't see how much cum is painting your [\[pc.skinFurScales\]](#), but you can feel it's plenty, enough to not leave out a single spot, just as you wished for.

The scene proves to be enough for the imp playing with your asshole to finally spurt his seed, granting you one of the thickest loads you've ever had inside. Then he pulls out to add his last drop to the pool on your back and you feel the big ropes of spunk overflowing your loose ring, which gapes in a useless, desperate attempt to stop the flow. The ivory river mixes with the one escaping your twat and they keep on together down your [\[pc.thighs\]](#) and towards the floor.

That makes you follow their orgasms. You scream on the dicks gagging your mouth, your grip tightens around the dongs in your hand [\[pc.hasCock\]](#), and your own abandoned tool [shoots its load on the rock beneath you](#), and your cunt twitches, making the jizz inside you [move with every quiver](#). You're cumming hard, but you still want some more.

Moved by your lust, you lunge forward to swallow the two cocks fucking your face. Your [\[pc.lips\]](#) try to reach the base while their bloated balls keep hitting your chin one after another, letting you know how much cum is waiting for you after you've polished those dongs.

With that reward in mind, you devote yourself to those dicks in your mouth. Your tongue memorizes every inch and you let the entrance to your throat tease their tips by hugging their girth. Spit starts dripping between your lips as you salivate at the thought of having all that spunk inside. You just can't fucking wait.

As if they were reading your thoughts, their cumveins start twitching intensely and the flooding begins. You swallow quickly and eagerly, but a new load always comes to bloat your cheeks. Not that you have any complaint, in fact, your tongue keeps working on their undershaft hoping that you can get an even bigger fill.

Suddenly, one of the dicks pulls out, shooting ropes on your lips and face, and you cross your eyes to see how the imp starts grinding his pole against your nose, spurting semen all over your [\[pc.hair\]](#). Now that you have enough room in your mouth, you hollow your cheeks around the remaining dong to enjoy its taste. It's bitter and lingers when the gooey juice travels down your throat, which it does at a slow pace, making sure you feel just how thick the seed is. You suck that cock dry, and when it leaves you empty, you lick your lips to taste the cum around them.

It's been good, but a slut such as yourself can never have enough dicking, so the new dick entering your drenched pussy awakens a smile on your face and renewed excitement in your chest. Then you feel something warm impaling your gaping asshole and see a couple of fresh cocks approaching your mouth. It's gonna be a long gangbang, but you're gonna love every second of it.

## [Aftermath]

Some time later

You're naked and covered in cum. Every imp around you has already been drained of every drop and now lies exhausted in the pool of jizz that now covers the ground. It's a shame you can't keep fucking, but you did have fun while it lasted. So you get up with a satisfied grin and gather your [\[pc.gear\]](#); you can always find someone else to fill you.

And with that thought you go back to the roads.
