

Annual Parent Surveys for students attending Public School

Annually, the Virginia Department of Education issues Parent Surveys to gain insight into the impressions parents and guardians have regarding the special education services their students receive and the communication offered from their school division personnel. Families who have more than one child receiving special education services should complete a survey for each of their children. To access this survey, please click the link below. This year's timeline for completion and submission of survey responses, in any modality, is set at December 15, 2023. A hard copy of the survey, and a postage-paid return envelope to the Virginia Department of Education, will be mailed to your home by Juliet Gibson, Director of Special Education, if you would prefer to complete the survey in that format.
