Lesson 2: Healthy Body, Healthy YOU-th: Effects of Cannabis on the Body (High School)

Kahoot! - Answer Key

2. Select the correct answer: What is another way to describe inhaling cannabis?
 - e. Eating or drinking cannabis infused products.
 - f. Wearing clothing by a cannabis company
 - g. Smoking or vaping cannabis flower and/or wax**
 - h. Bathing with hemp oil

3. What are some immediate signs and symptoms of cannabis use on the body?
 - e. Lung damage, heart disease
 - f. Red eyes, paranoia, dry mouth, vomiting, increased heart rate**
 - g. Changes in brain development
 - h. All the above

4. Vaping cannabis is a safe alternative to smoking cannabis:
 - c. True
 - d. False**

5. Which cannabis product hits the brain faster?
 - d. edible cannabis
 - e. Inhaled cannabis**
 - f. Edibles and inhaled equally.

6. What long-term health outcomes does cannabis use have on the body?
 - e. Psychiatric disorders
 - f. Respiratory Difficulties
 - g. Increased Risk Cannabis Use Disorder/Addiction
 - h. All the above**

7. Cannabis use can lead to...
 - e. Drug dependency
 - f. Long term health effects
 - g. Lung cancer and heart disease
 - h. All the above**

8. Going cannabis-free allows the body to heal right away
 - c. True**
 - d. False
