

Canadian Cancer Society - SFU Bottle Drive

Hi there,

The Canadian Cancer Society - SFU Chapter is having a bottle drive to raise funds that will go towards cancer research, advocate for policies that protect the health of Canadians, and provide a vital support system to people with cancer and their families. We will be in your neighborhood on (insert date) to collect your empty refundable bottles/cans for our bottle drive. Any donation, big or small, helps us support those in need. If you'd like to support us, here's how it works:

1. Save up your bottles/cans over the next while
2. Staple this flyer to (one of) your donation bag(s) (clear bags preferred) and leave on your front door step before (insert date)
3. We will come by to pick up your donations

For more information regarding fundraisers held under Canadian Cancer Society, visit www.cancer.ca

Thank you, we appreciate your support!
