

Alternatives to Violence Project/California

www.AVPCalifornia.org 916-277-0426

Dear [Name],

The Alternatives to Violence Project (AVP) California is preparing for our annual auction fundraiser, and we're wondering if you or your business would consider donating an item, gift certificate, experience, or service, to support our work.

The hybrid auction will take place at our annual statewide gathering on October 10, 2026, and will also be livestreamed, making it open to anyone who wants to participate and support AVP California.

The demand for AVP workshops is high, as people everywhere are eager to gain new tools for creative conflict resolution and to foster more harmony in their families, workplaces, and neighborhoods. We're now expanding our volunteer base to bring this opportunity to more communities, as we've seen firsthand that AVP transforms lives!

Funds raised from the auction will help us hold community workshops, purchase workshop manuals and supplies, and provide a stipend for previously incarcerated AVP facilitators to stay connected with the program after returning home---bringing their skills and experience to help others find a new path and avoid incarceration themselves.

We welcome donations of products or merchandise, gift certificates or gift cards, services or experiences, handmade or artistic items, and other contributions.

To offer a donation, please use: [DONATION LINK](#)

You may also email a picture and details of your donation to admin@avpcalifornia.org.

Thanks for considering supporting AVP! Your generosity will help us build safer, healthier, and more connected communities throughout California.

With gratitude,

[Your Name]
