

In-class Search Activity - Colleges

Welcome to the shared worksheet for our research session!

1. Pick any open row to be yours, and enter your first name in the first column.
2. Which career or major are you researching?
3. Search [Peterson's College Search](#) to find what local colleges offer the program you're interested in
4. Search [Google](#): [name of career/major] AND [name of college]
5. Copy the link for that college's program description

By the end of the activity, you will be able to locate college information using various Peterson's College Search and the specific college website.

Hi! What's your first name?	Which career or major are you researching?	Which college has the program you're interested in?	Link to the program description (Optional) How long will it take to complete the program?
