

User Privacy Choices

Lift Access (Elevator Limitation Access) — Effective date: 8 August 2026

Template prepared for the app owner. This is not legal advice; review and adapt it before publishing.

This page explains the choices you have regarding your personal information in Lift Access (Elevator Limitation Access), provided by Durim Panxha.

We do not sell or share your personal information

We do not sell your personal information, and we do not share it for cross-context behavioural advertising or with third parties for their own marketing. Because of this, there is no 'Do Not Sell or Share' action required — it already applies to every user by default.

Information we process

The App processes only what is needed to run the service:

- Your email address (for your account and sign-in).
- The commands and configuration you create in the App (activity history, output names, zones, schedules).
- Technical connection information needed to reach your elevator panels securely.

Your choices and how to use them

- Access: request a copy of the personal information associated with your account.
- Correction: ask us to correct inaccurate account information.
- Deletion: ask us to delete your account and associated personal data.
- Sign out / stop processing: sign out in the App at any time, or ask us to close your account.

To make any of these requests, email durim.panxha1@gmail.com from the address associated with your account. We will verify your request and respond within a reasonable time.
