

Florida Reviewer's Guide

Welcome, Reviewers!

This guide will explain how to view the **Florida Principles and Discoveries of Computer Science** course in the Skill Struck platform. This course covers the standards in the **Discovering of Computer Science** course.

Skill Struck Access – Logins

In our **teacher view**, you'll first be taken to our educator portal. This is where you can view our teaching-facing tools, such as lesson plans, managing sections and students.
