Apple Cider

Canned whip cream or cool whip

Caramel Ice Cream topping - I make my own from scratch, but store bought is fine, too.

Cinnamon Dolce Syrup from Starbucks

Put a couple of teaspoons of Cinnamon syrup in the bottom of a mug. Add Cider, leaving about 1 1/2 inches headspace at top of mug. Heat in microwave - length of time depends on mug size and on how hot you like your drinks.

Top with whipped cream or cool whip.

Drizzle with caramel.
