EDMODO TASKS HOW THE WORLD WORKS

PRIOR

- Have students login to EDMODO and set up their accounts with the school email.
- Ensure the use is appropriate.
- Create an avatar from one of the suggested sites.

TASK 1 QUESTIONING & SHARING

VIEW THE WEBSITE

<http://wonderopolis.org/?s=energy>

Have look at the “wonders” related to the concept of energy.

Task: share your questions about energy and the resources for the unit of inquiry

TASK 2 REPLY TO THE POST

TAKE THE [CARBON CALCULATOR CHALLENGE!](#)

Reflect – what areas do you think you can improve on in your lifestyle?

TASK 3 “ASSIGNMENT” IN EDMODO

VIEW

How does a wind farm produce power?

3 mins 13 secs

Source: ABC The World Today | Learning area: [Geography](#) | Primary: Year 5

Response:

In what type of place would you be most likely to see a wind farm?

Justify your response.

Share 3 examples of places that would be suitable for generating this sort of energy source.

What environmental concerns have been raised?

Consider another point of view

Find King Island on a map.

(It's in Bass Strait between Victoria and Tasmania.)

View the video below

[WIND FARM ON KING ISLAND TASMANIA?](#)

Reflect

How might a wind farm change the environment on King Island? Who in the community supports the farm, and who doesn't? What other people or organisations might influence whether the wind farm is built? What do you think about the project? Are you for or against it, or not sure? Why?

Complete a [PROS/CONS template](#) on the concepts of wind farming.
