

Season 5, Chapter 68 – The Spider of Princess Sarah

I should really remember this from now on. Pulling out any kind of chocolate at any time will cause Sarah to burst in and eat yo babies. Look out!

Anyway, Zack Hakton was in a dark corner of the royal hallway, preparing for his latest attempt at eliminating Princess Sarah. He seemed to be practicing his Hacking seeing as it had been a while since he had actually done anything.

“Hmm... let’s see... I guess I’ll start small. I shall now produce... a Zotato!”

He flailed his arms about wildly. Suddenly, there was a cloud of smoke and a massive spider of death and ultimate demise appeared before him. It quickly scurried up the wall and crawled into the royal throne room. Zack Hakton just floated there with big eyes.

“...oopsiedaisy...”

He quickly floated away, trying to get as far from the throne room as he possibly could.

Meanwhile, Alex, Dennis, Princess Sarah, and I were lounging in the royal throne room having quite the stimulating conversation.

“Personally, I don’t care much for Oprah’s booty.”

“Your Grace?!”

“What? I just don’t see what the big deal is.”

“So... Rihanna’s booty?”

“Oooh yeeeah...”

She made a face and I just stared at her. Then Alex spoke up.

“You know, I kinda like Amber’s booty to be honest.”

“UUUUGH!!!!”

“You are absolutely disgusting.”

We tackled him and started slapping him while the Death Spider loomed on the ceiling above us, drooling acid everywhere. Princess Sarah stood up on her throne and shook her game changer around.

“You like this wag?! I know you been touchin’ it!”

Dennis reached out and squeezed. *HONK HONK!* He was then instantly flung from the third story window. Ah, Dennis. How I shall miss your pervertedness... It was at this moment that the double doors silently creaked open and Zack Hakton entered to steal our pants one last time before the giant Death Spider ate us all. He floated in, turned, and immediately floated out holding all of our pants and Princess Sarah’s whole dress. Wait... how did he do that?! There wasn’t even a ripping sound! From our perspective, our pantaloons had simply evaporated.

“...well no I don’t but maybe if he OH MY GOD PRINCESS YOU’RE NAKED!!!”

She made a face and threw her head back.

“I AM ALWAYS NAKED!!!”

She did not seem to be bothered by this, but it was having an intense effect on the rest of us. Alex and I ran around screaming while Dennis simply keeled over and a blue liquid started spilling out from... somewhere. I think it’s too late to get into his lore to be honest.

“MY EYES! THEY BURRRRRN!!!”

So then! Why exactly is Princess Sarah always naked?! This is certainly a problem! There is no way that can be healthy... for her or for us! We’re doomed!

There was a puff of smoke and suddenly Princess Sarah was wearing an entirely new outfit that put her previous one to shame. We all calmed down and picked up right where we left off.

“But anyway, like I was saying-“

At that very moment, the Death Spider jumped down from the ceiling and landed on Princess Sarah’s head. All conversation immediately stopped and we froze in horror.

“...w-what is that?!”

I sighed.

“It’s Amber’s fault. Like a lot of things, it’s Amber’s fault.”

Princess Sarah started screaming at the top of her lungs as the Death Spider started eating her hair. Alex and I went back to what we were doing a few minutes ago; running around the room and panicking.

“Alex! Kill it! KILL IT!”

“I totally would if I wasn’t, like, terrified of spiders.”

“Seriously?!”

“GET THIS THING OFF MY HEAD!!!”

“Giggity! I mean BWOWN!!”

With us not much help, Princess Sarah took matters into her own petite hands. She grabbed the huge spider and pulled, tugging and twisting until there was a loud tearing sound and her whole wig came off. It went flying, taking the spider with it as she fell backwards over her throne and crashed behind it. I was absolutely horrified.

“NOOO! WE’RE ALL GONNA DIE!!!”

It was at this very moment that Kotaro walked in looking rather annoyed.

“OKAY, I would like to know where I’ve been for the past 28 days and I would ALSO like to weigh in on the booty debate because OH MY GOD A SPIDER BUG!!!”

He ran over and jumped, body slamming the Death Spider with the full force of his being. It exploded, taking Kotaro with it and raining pieces of Zack Hakton in all directions! Alex and I got up, now covered in goop. Princess Sarah was unconscious- possibly dead- in a heap behind her throne. I ran over to the exploded remains of Kotaro. More specifically, his eyes and mouth which were still somehow alive.

“Wow, Kotaro! You saved the day! Or the chapter! Whatever!”

His eyes blinked.

“Yaaaaay! I am useful.”

“Yeah, kinda.”

“Can you put me back together now?”

“No.”

I swept him up into a pile, picked him up, and carried him over to our discussion corner where we got right back to our previous conversation.

“So, anyway, about the booty...”

“Princess Sarah might be dead.”

“This isn’t about her.”

Okay then! We got rid of that giant Death Spider! Where the heck did it come from? And why did we never get new pants?! This has Zack Hakton written all over it!
