

SL: Bad Sales Page?

Hey Kyle,

It's obvious that you put a ton of time and effort into making those incredible workout videos on YouTube.

But, All your efforts are WASTED if you don't optimize the single most important part of your website.

You see... Sales pages are the heart and soul of any online business, I can show you how to make the most out of your website by creating a sales page for you that will single-handedly 5X or even 10X your revenue

How do you expect people to buy your courses if you don't explain to them WHY they should do it? You need to make the reader WANT to buy your courses.

Anyway, I attached a demo of what your sales page might look like if we work together.,

If you are interested in really scaling your business, just reply to this email and we can go from there.

Sincerely,

Ziad
