

Mythological Mobile DP Update

On your DPs, you should include the *Mythological Mobiles* project in the Integrated Project schedules.

1. You should include:

A link to the project description. Here it is:

https://docs.google.com/document/d/1e6gG2oAYdGNvQOdZyr4CxStwU6G-KqKYBVCrXYY_hrA/edit?usp=sharing

2. 5 paragraphs on your *Mythological Mobile* project:

Paragraph 1: *Talk about your group dynamic. Who was in your group? How did you work together? What went well in terms of collaboration? What are some areas that you could grow as a group member?*

Paragraph 2: *Talk about what you learned in Humanities, from reading Eurydice to researching your country/ region to designing the art pieces for your mobile. How did you use Humanities thinking throughout this project?*

Paragraph 3: *Talk about what you learned in Physics, from equilibrium, torque, and forces? How did you use Physics thinking throughout this project? How did you use Math?*

Paragraph 4: *Talk about what you learned in Engineering, as you created your mobiles.*

Paragraph 5: *Talk about exhibition and your final products. How do you feel about what you had to offer to the group? How would you grade yourself in terms of our 9th grade learning outcomes: **work ethic, collaboration, oral communication, written communication, content knowledge**? Which learning outcome do you feel you are strong in? Why? Which learning outcome do you feel you need growth in? Why? How did you use and demonstrate our class values: **responsibility, grit, respect, integrity, and empathy**? In this paragraph, make any other connections that you have not already had an opportunity to make, and share any lingering thoughts or questions from the project.*

3. Photographs from the project.
