Description of the Expectation (What and Why)
Blended learning is "Any formal education program in which a student learns, at least in part, through digital learning, with some element of STUDENT CONTROL over time, place, path and/or pace… ….and in which a student learns at least in part in a supervised brick-and-mortar location away from home. Learning experiences along each student's online learning path are connected to the student's face-to-face learning path."

Blended learning can be implemented in many ways.

Minimum Level of Expected Implementation
All K-12 teachers will use highly effective instructional strategies paired with the intentional use of digital tools to engage, enhance, and extend student learning at least twice a week. It is highly recommended to organize digital learning resources in a Learning Management System (LMS) such as Canvas. There are many possible digital tools available for teachers to use for blended learning in their classrooms. Digital tools are constantly being added, updated, or become outdated. Teachers are encouraged to intentionally choose a digital tool that best fits their intended learning outcome. Below is an unofficial and non-comprehensive list of possible digital tools that can be currently available to be used in blended learning. It is not an exhaustive and will change with advances in technology, Canvas - district supported Nearpod - district supported, optional MasteryConnect - district supported, optional iReady - district supported, elementary Lexia - district supported, elementary Scrible - state funded, optional G-Suite - optional Flipgrid - optional Utah Compose - state funded, optional Socrative - optional Poll Everywhere - optional Blooket - optional Padlet - optional Wakelet - optional Adobe Creative Cloud - state funded, optional As always, [please check the list of applications](#) that Iron County School District has obtained Data Privacy Agreements with. If an app that you would like to use is not on the list, please request a Data Privacy Agreement Review.
