Congratulations, and thank you! We are grateful for your submission to the NEAR Guilds Program and your help in our continuous efforts to improve the NEAR ecosystem.

We are pleased to notify you that NEAR wishes to award you with a payment in NEAR tokens **in the amount of ____**. We will deliver this amount to you using your contact information below within ten (10) days of our receipt from you of this completed and signed reward agreement.

By completing this form and signing below, you acknowledge and agree to the following:

1. You have complied and will continue to comply with the NEAR Guilds Program terms and conditions.
2. You are of legal age in your jurisdiction to enter into this agreement (or your parent or guardian is signing this agreement for you); neither you nor any immediate family member is employed by NEAR or its subsidiaries; payment of the reward to you will not violate any applicable laws; and you are solely responsible to report and pay income or other taxes, if any, that apply to your receipt of this reward.
3. You hereby grant to NEAR, its subsidiaries, affiliates and customers a non-exclusive, perpetual, irrevocable, worldwide, royalty-free, transferable, sub licensable (through multiple tiers) license to use, reproduce, adapt, modify, publish, distribute, publicly perform, create derivative work from, make, use, sell, offer for sale and import for any purpose the materials submitted by you to NEAR.
4. From time to time NEAR may decide to feature in publicity persons who have made significant contributions to the NEAR Guilds Program. If selected, and upon mutual written agreement regarding acceptable attribution (email being sufficient), you grant NEAR the right to display your name and/or attribution information on NEAR websites, in press releases, or other media. Either party may elect to no longer participate in or publish contribution information on written notice, in which case NEAR will promptly cease use of your name and attribution information in new publicity, but will not be required to recall or revise past press releases or other materials.
