[JRK Property Holdings](#) was founded in 1991 by [Jim Lippman](#), who currently serves as Chairman and Chief Executive Officer.

JRK was created with the purchase of five multifamily properties from an RTC pool of Executive Life assets that Jim Lippman had been managing via receivership.

Twenty years later, the company has amassed a commercial portfolio throughout the United States valued in excess of \$5 billion dollars. In 2008, JRK became a member of the National Multifamily Housing Council's NMHC 50, a list of the nation's fifty largest apartment owners.
