

Digital Rebellion Resources

This is a collaborative resource for the Digital Rebellion 2020!
It used to be pinned on our Telegram chat so everything there is now in this document.

This doc is free to edit so please add your own resources (MP letters / Complaint templates / Targets / Helpful videos etc) to the appropriate section, or create a new section!

*If you have any questions please come to our midday Zoom Support Call or email
raenyah@gmail.com*
