Principal's Message

There are less than four weeks left of school. Last day of school is June 4. Please talk to your students about finishing the year strong and preparing for the 2024-25 school year. We have completed the initial SBAC testing. Make-up testing will occur for students who were absent until May 31st. Here's our new 📅 Aptos 2024-25, 7 Period Day Schedule Positives: All students can take elective classes, Algebra elective for 8th grade students, and deeper learning. Although this will be a transition, our Scholars will rise. Scheduling classes has begun. Any questions in regards to scheduling contact the counseling office and ask for Kia Clark, Assistant Principal and/or Francis Vines-Reyes, Dean of Students.

Talk to your student about the importance of dress code, using appropriate language, positive peer interaction, appropriate behavior, social media, littering, and cell phone policy, earpods, smart watches (off and away). In the spirit of the Aptos Community, please be mindful of our neighbors as you are dropping and picking up your students. We want to make sure our community is safe, clean, and respected. Thank you for your support! Visit the school website to get the latest on What's Happening @ Aptos. Thank you for your continued partnership with administration, teachers, and our Aptos Scholars!

Dear 6th Grade Families:

Hello May!

SBAC was administered successfully, and the 6th graders did their best and used great test-taking strategies! With the school year coming to a close, I would like to personally say that our 6th graders have grown tremendously. They are more aware of others' feelings, they advocate for themselves more, and are ready to enter the 7th grade as shining stars! Myself and Ms. Lau will be moving to the 7th grade with them, so they will have the stability of our teamwork during this transition. Cheers to a great 6th-grade year and an even better 7th-grade year.

Ms. Williams

Summer Bridge

Are you interested in signing your student up for Summer Bridge? [Here](#), you'll find more information about this engaging summer program for our 6th-grade students.

Application Link

For over 40 years, Breakthrough Summerbridge has advanced three primary goals:

- Preparing ambitious middle school students from under-resourced circumstances to enter and thrive in well-matched high schools for the purpose of securing admission to, succeeding in, and graduating from college.
- Providing intensive summer teaching fellowships for high school and college students who are passionate about the power of education and creating meaningful volunteer experiences throughout the academic year for members of the UHS and San Francisco communities.
- Transforming lives through the unique and powerful relationship between the Summerbridge and UHS communities and their families.

Dear 8th grade families and students,

This is an exciting time of the year! The rising 9th grade students have received their high school acceptance letter; the end of middle school is coming to a close; a new journey begins. Congratulations! Your student is closer to attaining their dreams and goals. The 8th grade teachers have planned a host of fun events that culminate end of the year celebrations and appreciations. Find the [2023 -24 8th Grade End of Year Events](#) for your review and planning purposes. We look forward to your support and participation in ensuring your students are making positive choices and decisions as their middle school experience comes to an end.
