

Welcome to the First Franchise Ball Power Pros Game!

16 teams, 2 captains, and 32 players enter the venue of Great American Ballpark in Cincinnati, Ohio. The game is hoped to be held on Thursday, February 18, 2021, though delays are to be expected due to technical problems.

Rules:

Drafting:

- Owners volunteer their teams as part of a draft pool. A pool of 16 teams is made: FIRST-COME, FIRST-SERVE.
- Two team captains "draft" the pool (minus their own teams) of 14 teams. A total of 8 teams should be selected for each all-star team.
- Once a team is "drafted," the captain has the choice to select any 2 players from each team. 2 players * 8 teams should yield a lineup of 16 players: 11 fielders and 5 pitchers (This should be enough to play in a one-game playoff).

Creation:

- Shimakaze makes the teams in the Dolphin Emulator version of MLB Power Pros 2008. They will strive to make sure the teams are as fair as possible.
- In-game player ratings are based on BOTH Scout Ratings and Player Stats.

General FB to Power Pros Rating Translator:

95-100 (FB) = A (Power Pros)
90-94 = B
80-89 = C
70-79 = D
60-69 = E
50-59 = F
<49 = G

*Please note that player stats will greatly affect Power Pros Ratings as well. For example, if an 80 scout rating player in FB is hitting .350+, their Power Pros rating will jump from C to B.

Gameplay:

- Games are played automatically. No one is allowed to interfere with the games but the computer.
- Games will be streamed via Discord Stream. Hopefully, they will be recorded as well.
