About Me

My name is Jack Taglang, I am 17 and live in Los Angeles, California. I play on a club team L.A. Futbol Central 2000 Silver Elite. (<http://futbolcentralla.com/>) Although I was born late 2002 being in an older league creates the challenging environment I need. Last season we were undefeated champs in our CSL league and competed in many tournaments, like the Vegas Classic where we earned second place in an intense finals game. We also attended the Mediterranean International Cup in Spain last April in 2019. In that tournament we play against some of the top clubs in the world, including Barcelona, Sevilla, and Girona's top academies. As of now we are training for the same tournament coming up this April 2020. I am a leader on my team and earned my spot as captain when we go to Spain. As a player my assets are field-awareness, precision, intensity, and speed of play. I create a strong midfield presence on the field, creating plays and opportunities for my team.
