

## **My Public Story: A Worksheet**

(Adapted from Marshall Ganz' work: The Story of Self, The Story of Us, The Story of Now)

### **The Story of SELF**

*What is your housing story and the story of those you care about?  
What is your generational housing story -- pressures/threats and opportunities/support --  
and where do they come from?  
What are choices and outcomes of these choices?*

### **The Story of US**

*How does your story and/or your family's story connect with the stories of those around you?  
Who is the "we/us" you are connecting to?  
Who is the "us" you are trying to create through this story?  
What are the values we share?*

### **The Story of NOW**

*Now what (mindful urgency!)? How does the "us" change the story?  
What is the action you are inviting them into together?  
What is at stake (if we don't/if we do)?  
What becomes possible if we act together?*

**Write your 3 min story...**
