Fishing expedition vs Jack Smith...

Dear Democracy Defenders:

Guilty! Guilty! Guilty! Donald Trump is guilty of serious crimes against our nation! Most people already knew that unless they aren't paying attention or they are part of Trump's cult. Even so it was nice hearing [confirmation from Jack Smith](#) this week. And we did get an amusing [fail by Republican Senator Eric Schmitt](#). Sadly, it is still unlikely that the Justice Department will take any action while Donald Trump is President of the United States.

Hope continues to grow that Donald Trump will soon be a lame duck president. The truth about how bad Trump is even for his own party keeps surfacing. [Ken Paxton](#), another awful Republican, was recorded saying that [Trump dropped Republican polling numbers](#) with his midterm election convention when asked about Trump being [a drag on his party](#). Republicans are so desperate that [JD Vance is asking voters](#) to give Republicans another chance.

No more chances for Republicans, certainly not the current incarnation of the Republican party. Thomas Massie is the only remaining Republican in Congress to consistently stand up to Trump and [Massie is on his way out](#). We need representatives in Congress who will represent the people and not always bend to the will of Donald Trump, the MAGA alt-right and the billionaires. [Let's work to elect progressive pro-democracy fighters](#) for [the everyday people](#) of the United States.

What can we do?

1. **Help the growing number of people who need support.** As prices go up, more people need assistance. [Indivisible Roseville's food drive](#) to help immigrants and the poor with [NorCal Resist](#) continues. All money [donations via PayPal](#) will go to NorCal Resist's food bank through November 15th. Those donations are not tax deductible, but they do make a difference. Donations of food and diapers can also be made via [Obsidian Hair Studio](#) at 518 Vernon Street, Roseville, CA, 95678. High priority items include: pasta and spaghetti sauce, canned tuna, canned chicken, other canned foods (soups, veggies, fruit, etc.), honey, spices, oil, coffee, tea, kids lunch snacks, cereal, diapers and baby wipes.
2. **The No Kings: Vote Early event is almost here.** In just over two weeks, on October 17th, the next [No Kings](#) event arrives. Use [this sharing toolkit](#) to get the message out on social media. Know your [talking points](#). And get training on [safety and security](#).
3. **Learn about election protection.** Watch the No Kings: Vote Early - [Election Protection 201 Training](#).
4. **Learn about May Day Strong's week of action.** This is their [Corporate Accountability Week of Action](#).
5. **Find more actions to take right now with Indivisible.** Visit <https://indivisible.org/get-involved/take-action/>.
