Cash Management Procedures

Purpose: The District receives cash and checks from many local, state and **federal sources**. These procedures are designed to ensure that all cash received by the District and its employees are deposited and tracked for the benefit of the District and its students. Adherence to these procedures is essential to mitigate fraud.

General Cash Management Guidelines

A receipt, **Daily Collections Report** and/or **Cash Transfer Form** shall support ALL cash transactions. As money moves from one person to another, a document must exist to support the movement of the money.

A TEA or other agency Payment Ledger shall support non-cash receipts such as ACH deposits directly into one of the district's bank accounts.

No post-dated checks should be accepted. Funds should not be kept in classrooms, personal wallets or purses, or at home for extended periods of time. **No cash purchases should be made – every dollar collected should be receipted and deposited according to the collection procedures.**

All checks shall be verified to ensure that required components (noted below) are on the check. Incomplete checks shall be returned to the check issuer for correction and resubmission.

- Bank name and address
- Pre-printed check number
- Issuer name, address and phone number
- Check date (not post-dated)
- Check amount (numeric and alpha)
- Check issuer signature
- Optional, but preferred – completed “For” section

Personal employee checks shall not be cashed from monies collected at the campus or district level to ensure an adequate audit trail of all funds collected by the district.

Cash of different types shall not be commingled. A separate cash box shall be maintained for Change Accounts, Petty Cash and funds pending deposit (collections). All change and petty cash accounts shall be in balance every day. For example, the cash and/or receipts in a \$350 petty cash account must equal \$350 at all times and shall be subject to audit on a random basis.

Staff is strictly prohibited from “borrowing” from district funds. Staff who borrow (defined as temporarily removing of funds with the intent to return the funds) or steal district funds shall be subject to disciplinary action, up to and including termination of employment.
