

1/ Introduction

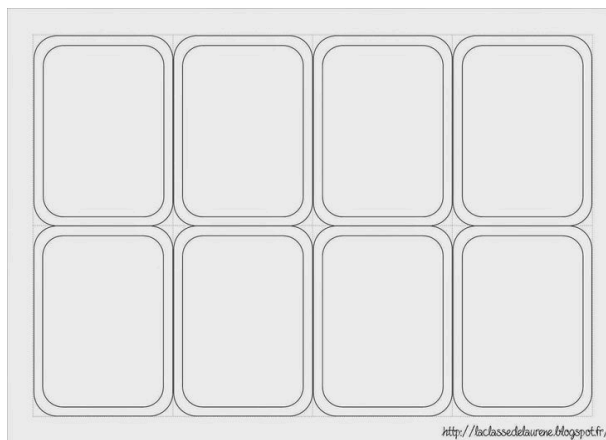

Create our own energy card game with a real systeme

- VAE
- Scooter
- Drone
- Gyropod

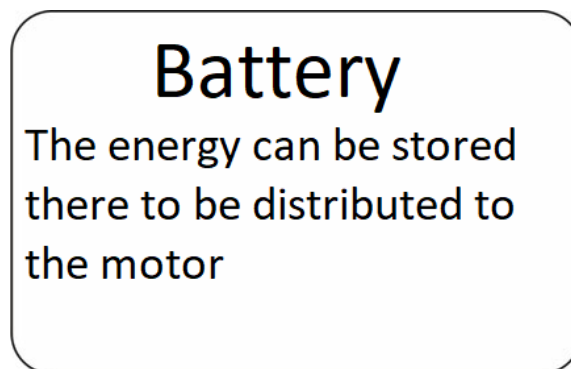

2/ Teamwork

2.1/ Game cards

Each team member chooses a word to explain energy within a real system.

Example:

2.2/ Let's summarize

At the end of the preparation cards, each member in the team summarizes all the cards on his sheet.

2.3/ Let's play

The teams exchange their cards to test their knowledge of the words found by the others.
