SUBJECT: Hub Login and Password

Congratulations on completion of your first week of work. As we continue over the next several weeks, you will learn even more about the organization and your role.

The Hub is where we will find all of our VE resources needed for tasks, bank accounts, purchases, and more. You will log in to the Hub each day. You have a unique username and password. I recommend taking a picture with your iPad of your username and password. This way if you lose this sheet, you will have the information.

Please take time now to login to the Hub to ensure that your information is working correctly. Once you have done this I will direct you further.

Hub: [hub.veinternational.org](http://hub.veinternational.org)
