To Whom it May Concern

Between the dates of 5th August to 3rd of October 2022 the Vetlife Oamaru disbudding team disbudded approximately 311 calves at Brookstead Ltd.

The sedation used was Xylazine 2%, the local anaesthetic was Bomacaine 2% and topical antibiotic was Alamycin Aerosol. Calves were disbudded using gold standard technique and monitoring in line with industry recommendations.

If you have any further queries please don't hesitate to contact the clinic.
