Boxing gloves buying guide

You must know its features before you opt for one of these **custom boxing gloves**. Certain aspects will help you pick accurate **custom boxing gear**. Here's what you should be aware of.

- **Size**

Padding or size in boxing gloves is the most crucial part. You must pick gloves that fit your requirements. The padding in boxing gloves is measured in ounces(oz). You can pick your desired padding density. In general, boxing gloves have a padding density of 12,14 and 16 oz.

You can choose padding as per your body weight too.

Boxer body weight	Padding density
1. 120-150 pounds	1. 12oz padding
2. 150-175 pounds	2. 14oz padding
3. 175 pounds above	3. 16oz padding

- **Closure**

Secure closure in boxing is essential. You can opt for a lace or velcro strap. Lace-up closure gloves give you a light and breathable closure. However, the velcro (hook and lace) strap gives you a firm and secure lock.

- **Build quality**

Branded boxing gears are built to last at least a year or two. You can use it regularly for training. Reputable brands opt for high-quality materials to provide a seamless boxing experience.

FAQ's

Do beginners need hand wraps with boxing gloves?

Beginners need hand wraps more than professionals do. It is recommended to wear hand wraps underneath for extra protection and wrist support.

Can beginners use sparring gloves for bag work?

As a beginner, you should, for all purposes, bag gloves. Sparring gloves are heavier and require more training before usage.

What type of material in boxing gloves is best for beginners?

Synthetic or genuine leather is an ideal choice for beginner boxing gloves. It provides durability and comfort for the less experienced.

Buy beginner's boxing gloves for powerful knocks!
