WHO IS JJHOWE?

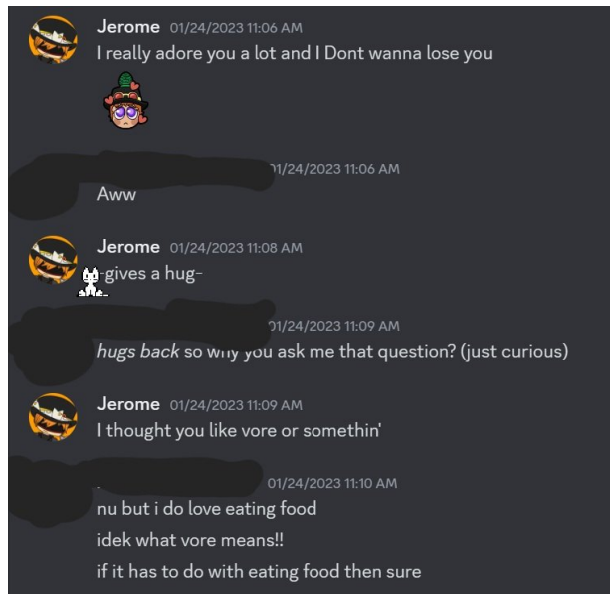

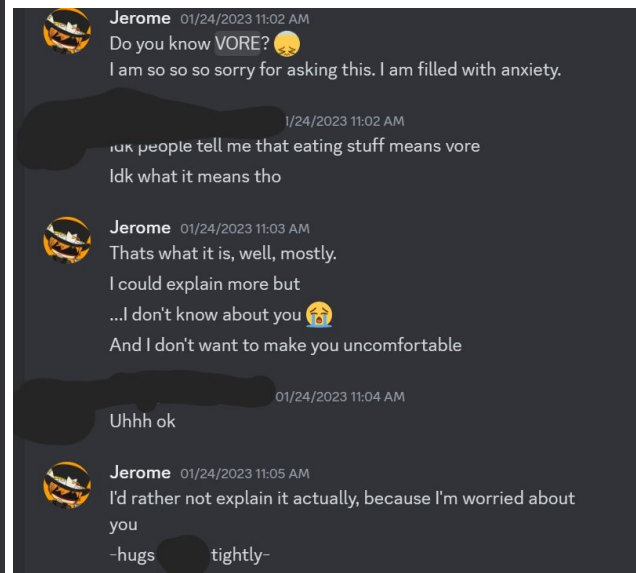

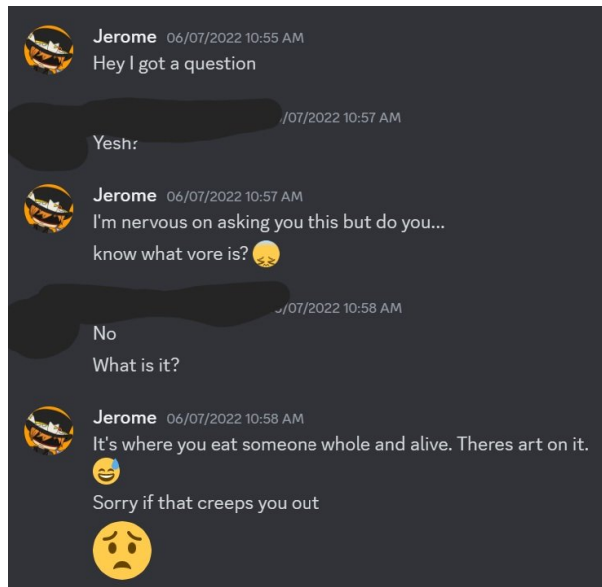

Tootalljj, also known as jjhoweisuber22, SprTallRed02, or OverlookedAnimosity, is an (as of now) 21 year old guy from South Dakota that has abused and taken advantage of many minors throughout his days on the internet. He is mostly active on Discord, Roblox and Steam, plus Playstation, but neither of us own one, and do you really expect either of us to buy one just to track em down? Aside from that, he also runs a youtube channel.

PINK'S EXPERIENCE WITH JJHOWE

I've had a long history with this person, stemming all the way to 2022. We both met on a game on Roblox called Survival of the Objects, and at first things were alright between the two of us. Eventually, we started talking on Discord, and he would start to become needy and constantly seeked my affection despite the age gap he and I had. These conversations would then devolve into full-on talks about vore and other nasty fetishy stuff, which made me feel weirded out as I thought this meant eating food, not its actual meaning. Please keep in mind that I was 15 at the time, and he was around the 18-19 age range.

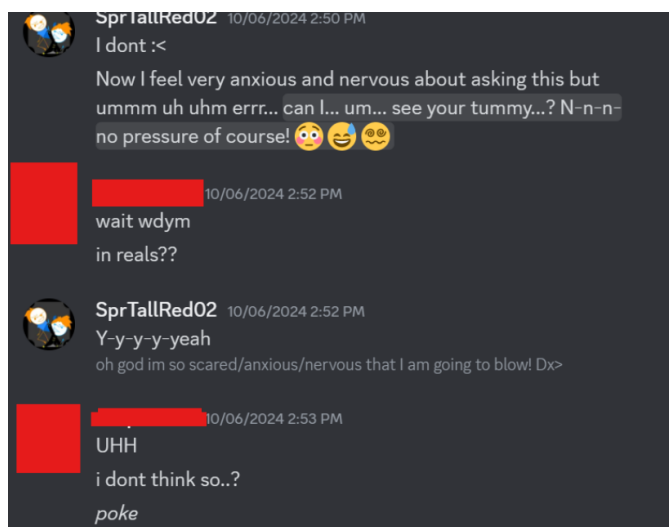

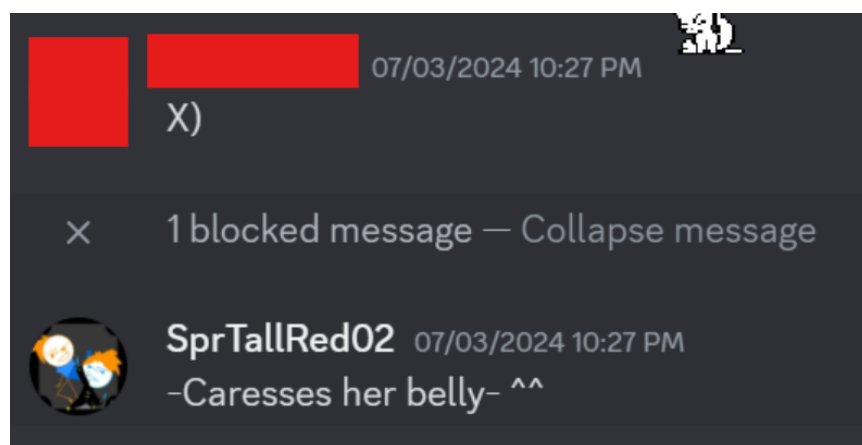

A few of the screenshots, showing his clear seeking of affection from someone he knows is underage.

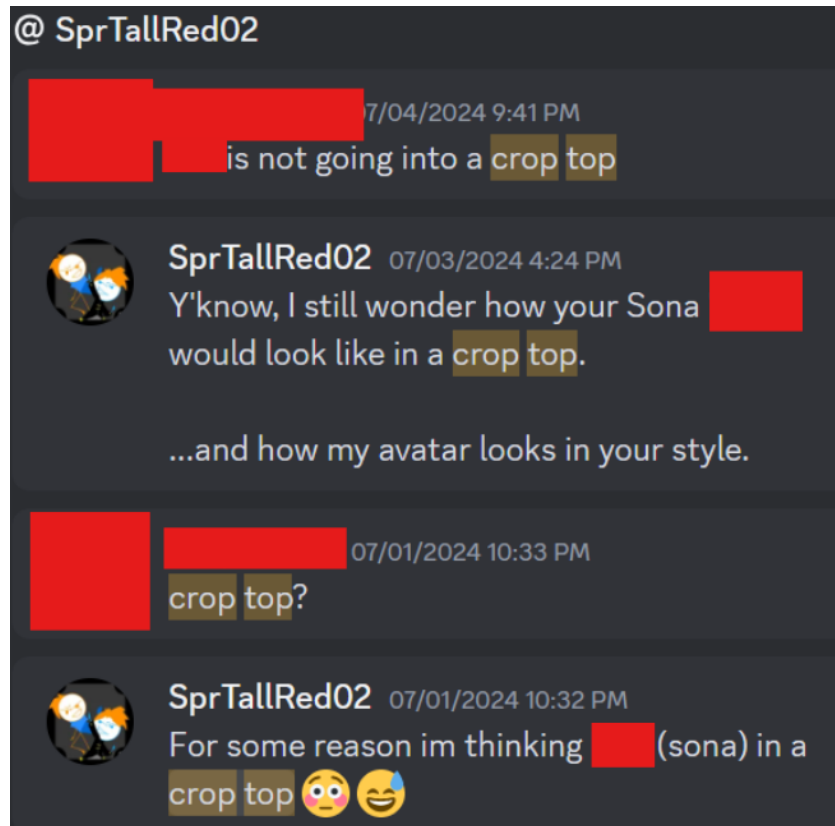

More screenshots show him talking about vore to a minor. Which you don't have to be a genius to figure out is disgusting and reprehensible!

Months would pass and I would forget about this entire incident. As of now in 2024, Jero has contacted me again back in March and has tried rekindling our past friendship. I am 17 as of now in 2024, and Jero is 21. Once again, everything seemed fine at first until he started getting too “affectionate” with me and placed a few of his fetishes into our conversations. These involved belly/tummy stuff, vore, and cannibalism.

Another weird thing Jero would do was constantly ask for me to draw my original sona in a crop-top. This is pretty fucking weird since ALL OF MY SONAS ARE MINORS! UNLESS STATED OTHERWISE!

Jero would also take advantage of my loneliness to try and get me to enter a relationship with him, which was pretty messed up as he probably saw me as a meal-ticket to his perverted ass fantasies. Motherfucker.

SHIT HITS THE FAN.

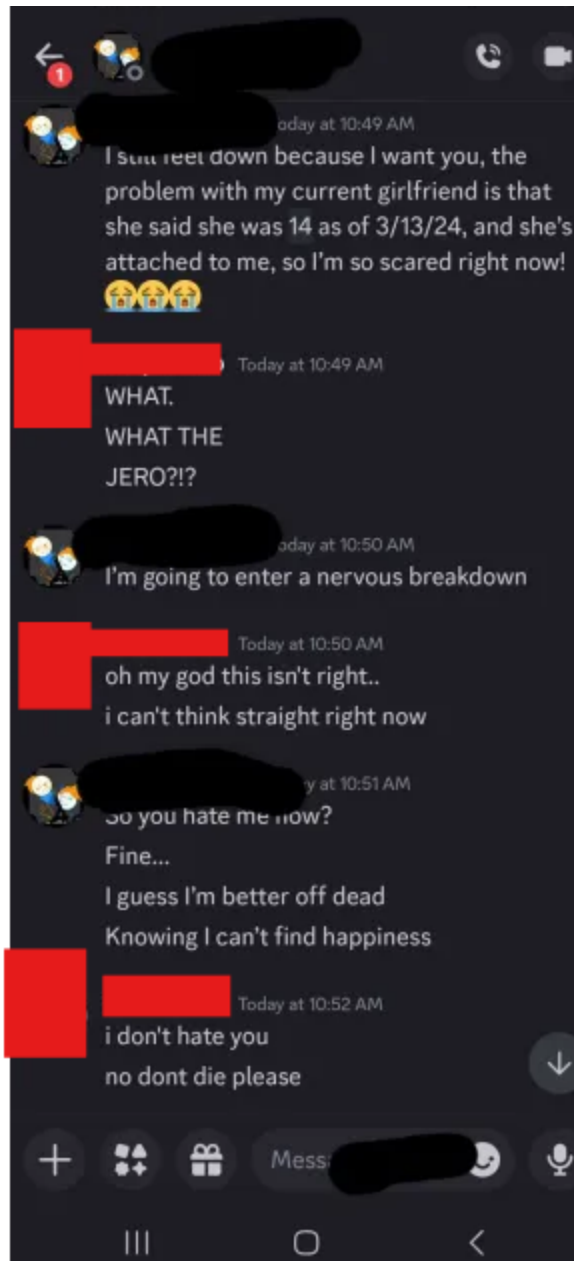

On the day of October 30th, 2024, Jero would contact me about wanting to enter a relationship with me, **DESPITE HIM ALREADY HAVING SOMEONE**. I told him that he shouldn't break his girlfriend's heart just to be with me, but he seemed very insistent on breaking up with her. Please note that most of Jero's responses are lost as at the time of writing this document, he has deleted most of his messages to maintain his "spotless" appearance.

Today at 9:54 AM

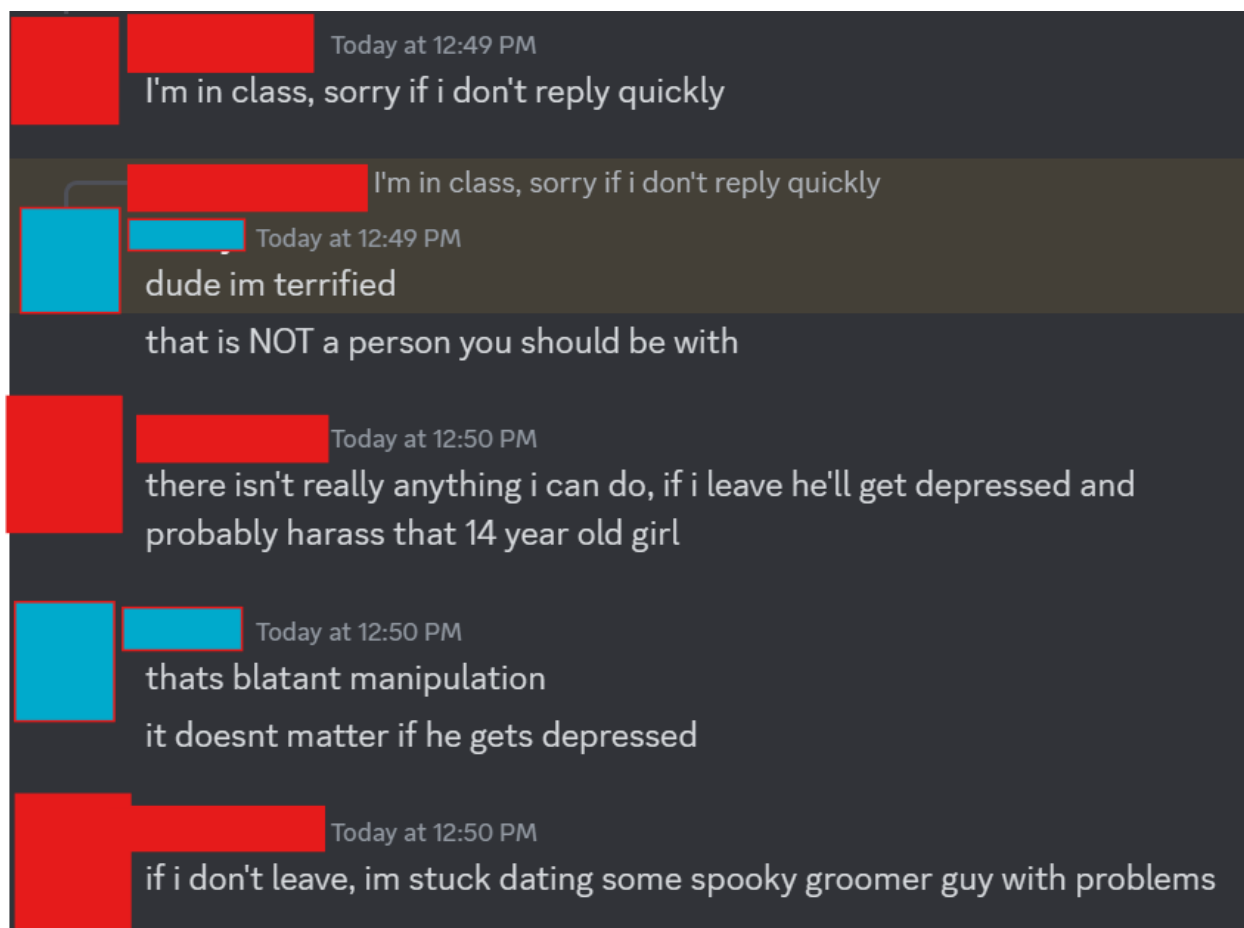

well you should stay with her!! shes clearly loves you
like dude i wish someone would go so far as to care even if
theyre far away
don't break her heart man
you already got someone, you probably mean the world to
her
i just have to keep searching
but why?
i don't know what's even going on anymore

It seemed to make sense at first, but then Jero told me the most vile thing ever. Turns out, his girlfriend was 14 YEARS OLD. 14!! JEROME, A 21 YEAR OLD MAN, WAS DATING A FUCKING 14 YEAR OLD GIRL.

I was in shock while he was telling me this. Note the threats of suicide.

Once he broke up with her, I was seen as his 'new' girlfriend in his eyes, but I felt pressured into it since he kept threatening to hurt himself. While this was happening, my best friend attempted to convince me to let him help me with the situation, and I refused at first since I did not want to drag him into the shitfest.

me and oomf talking..

As the day went on, I kept talking to Jero about him preying on a 14 year old girl. He would constantly try and switch the topic.

More images of Jero being manipulative.

JEROME THREATENING SUICIDE, SENDING ME INTO DISTRESS AS I DID NOT WANT HIM TO DIE, AND EMOTIONALLY MANIPULATING ME.

[redacted] Today at 6:22 PM

Why should I? I am hopeless, there is no end to this hellhole.

[redacted] Today at 6:23 PM

[redacted] Today at 6:23 PM

This is why I have so much anxiety
I can never find true happiness, I can never get the help I need.

  Today at 6:26 PM

 Today at 6:27 PM

So I guess we're no longer lovers then...

Fine

Guess I'll just be forever single, forever abandoned and left to rot,
knowing that I can never find sweet relief...

  Today at 6:29 PM

 Today at 6:29 PM

After being confronted by me, Jero started deleting messages and threatened suicide once again.

SUNNY'S EXPERIENCE WITH JJHOWE

So this is where I come in, So at around 11am on October 30th 2024, my best friend sent

me a screenshot which contained this image. At first I just say “pedo alarm” without knowing his age but then she then told me he was 21 and that then sent me into a panic attack due to the fact she was a minor now in a relationship with an adult!

[REDACTED] not much of an age gap
[REDACTED]
Today at 1:13 PM

Just a small excerpt of what I said, and throughout the rest of the day she sent more of what was going on and that only made me more worried, so I kept asking for the guys user and eventually I was sent it. I then went onto text him the following

SprTallRed02 Today at 7:54 PM
So, what else do you want me to say or do?!

Today at 7:55 PM

SprTallRed02 Today at 7:55 PM

SprTallRed02 Today at 7:50 PM

Sure, scold me and make me more miserable

Today at 7:50 PM

so i kindly ask

SprTallRed02 Today at 7:51 PM

Let me get it real quick

Today at 7:51 PM

SprTallRed02 Today at 7:52 PM

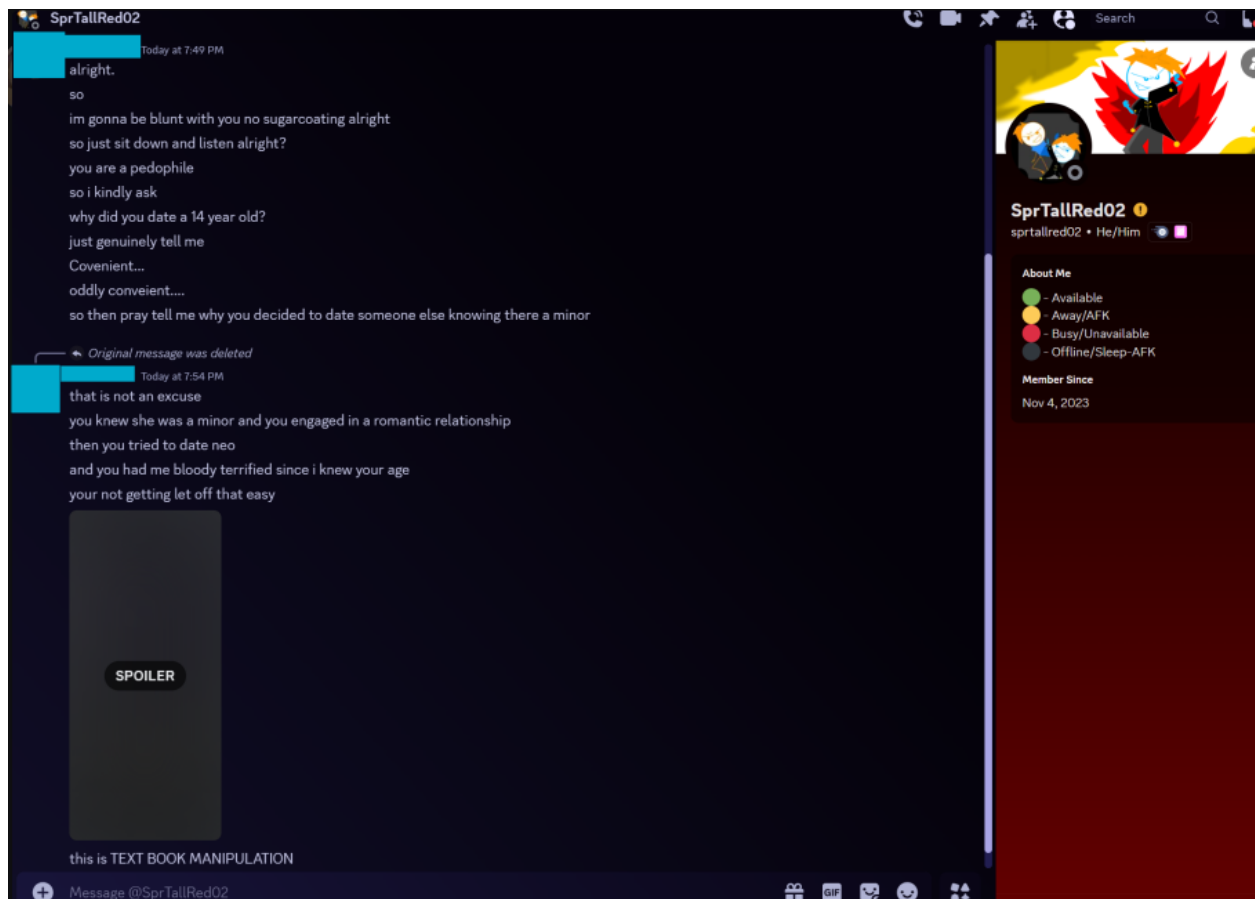

I'm trying to find the reason

Because I dont remember right now

He later went on to say the reason he groomed the 14 year old was “she kept calling me her brother” which I would show a screenshot of but he deletes messages everytime he’s

caught

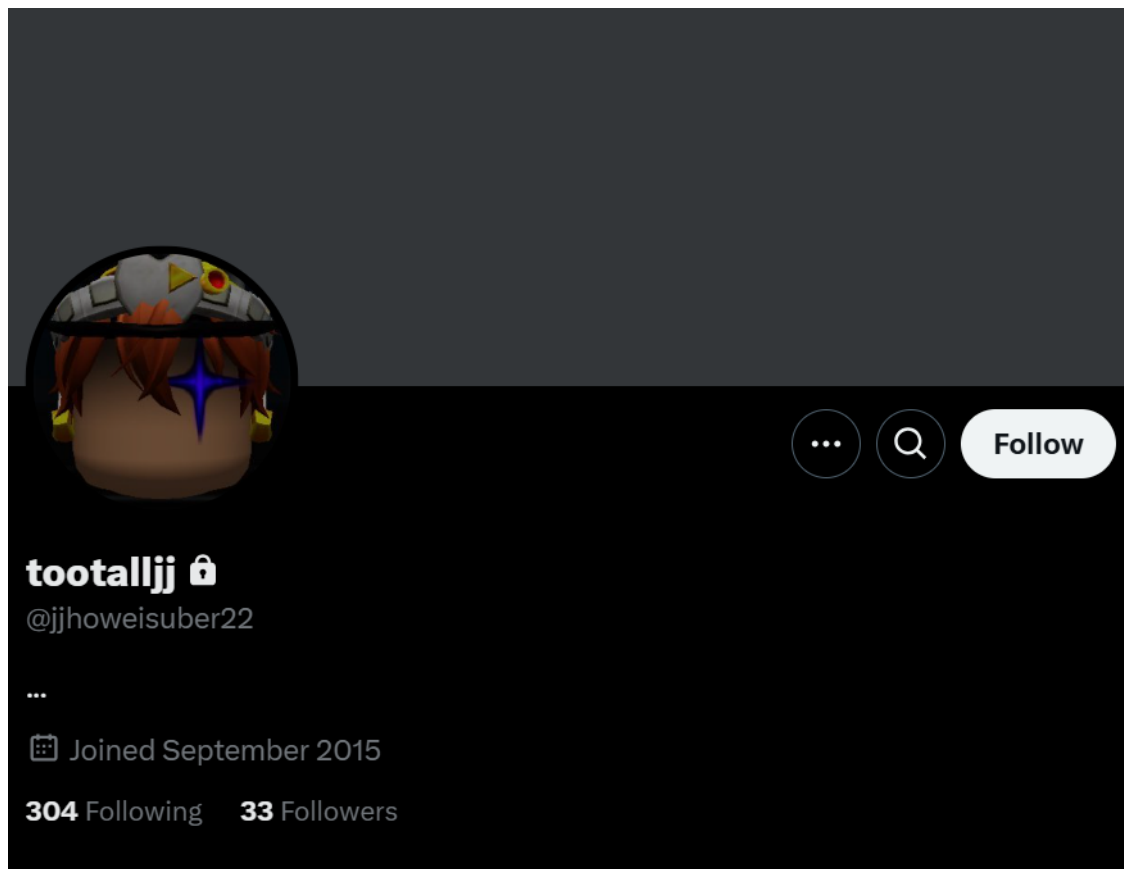

Proof of the messages being deleted.

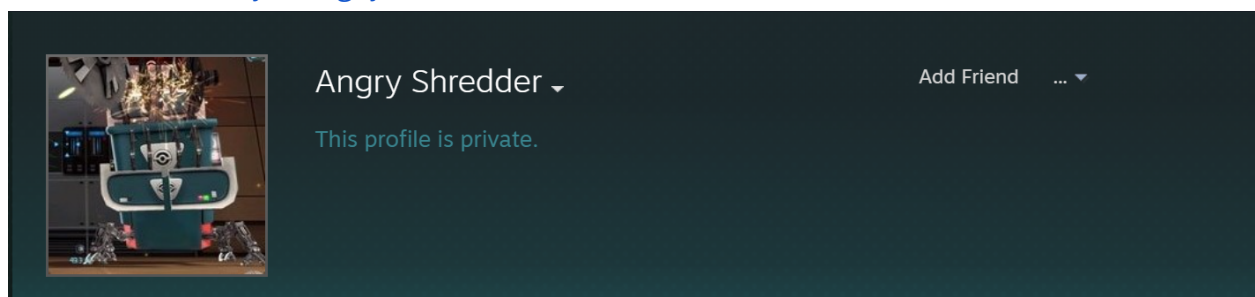

CONCLUSION

In conclusion, JJHOWE is a scummy piece of human filth who you should not interact with under any circumstances, and if you see him report him immediately and if you have kids, hide your kids they ain't safe from him. Here are the links to some of his socials so you can report him.
