NCCAR Trail Work Camping Information

December 7th and 8th, 2024

We are fortunate that the NCCAR venue is providing us the opportunity to camp on site during this event. This document describes the camping areas and types (RV, tent, etc) available from 4pm Friday, December 6th until 7pm Sunday, December 8th. A few considerations before you click on the TeamSnap registration links below:

- No “Stealth Camping” in regular parking lots. We have agreements with our venue managers to only camp in certain areas. All overnight camping must be in one of the designated areas and be registered with the league.
- RV camping is $20 and Tent camping is $10. All camping fees are non-refundable even if the event is canceled. Please consider purchasing the event insurance through TeamSnap if you are concerned about losing your registration fee due to unforeseen circumstances.
- Site 1 is a gravel lot designated for RV, Travel Trailer, and Camper Vans. It has 25 electrical connections that are available for our use. The front of the lot (closet to the road) is reserved for camper vans with the rear reserved for RVs and Travel Trailers.
- There is a dump station available near the venue entrance if needed.
- Site 2 is designated for tents and campervans. These campsites are primitive (no hook ups).
- NCCAR has approved firepits with solid bottoms such as Solo Stoves or a firepit with legs. **No ground fires.**
- Please observe quiet hours (i.e. - no running generators or arriving/setup) between 10pm and 6am. Loud generators are never allowed.
- Please register with the email address associated with your current TeamSnap account.
- Camping registration will close when all sites are full and no later than Midnight December 1st, 2025.
- Consider serving as a “Camp Mayor” for the weekend to help our Camping Coordinator show campers to their areas as they arrive, provide some organization to the camp area and address any concerns with campers.
- Please send all camping questions to our Camping Coordinator at camping@northcarolinamtb.org

Site 1 – Gravel lot on Left Side of Entrance Road

- ***For RV, Travel Trailers up to 27’, and Camper Vans (NO TENTS)***
- ***Google map link to location entrance***
- ***Location:*** Marked Site 1 on Venue Map
- After coming through the front gate, continue straight and the gravel lot will be on your left. Take the 1st entrance!
- Please back in to spaces on a slant. There will be regular passenger cars parked in the center. This lot will be tight.
- Capacity: 25
- Cost: $20

NCCAR Trail Work Camping Information

December 7th and 8th, 2024

Site 2 - Grass Field Next to the Track

- ***For Tents and some TTs/CVs.***
- ***Google map link to location entrance***
- ***Location:*** Marked Site 2 on Venue Map
- Once through the Venue entrance, continue on the asphalt road until you are entering the track area. Camping area is in the field on the right and will be marked.
- Do not drive on the track except right next to the camping area.
- This area could be tight so please minimize your campsite's footprint. Cars can stay with your tent area.
- Camper Vans or travel trailers that do not wish to use electricity are welcome in this area. Please park close.
- NCCAR has approved firepits with solid bottoms such as Solo Stoves or a firepit with legs. **No ground fires.**
- Capacity: 80 (70 tents. 10 CVs or Travel Trailers)
- Tent Cost:$10
- CV or Travel Trailer: $20
