

## **Photos from the Pine Valley Canal and River Walkway Loop - Saturday, September 4**

**New Promise Hikers completed in the Pine Valley hikes on Saturday, September 4 as planned. The weather was very pleasant (60 - 75 degrees), and a welcome respite from the near triple digit temperatures in St. George. Just a wonderful all-around day for hiking. Everyone loved the beautiful views of the mountains, of Pine Valley reservoir, and the wonderful scents of late spring in the mountains. We had one person fall down on the trail, but it seems that she is OK. Click on the following links for photos!**
