

# GTCC Summer Institute 2022

<b>Workshop: 2219</b>	
<b>TITLE:</b>	<del><i>Stepping It Up With Seesaw</i></del> <b>CANCELED!</b>
<b>DESCRIPTION:</b>	In this course, you will be learning how to 'Step Up' your Seesaw activities and engagement. We will be previewing, learning about, and exploring the new Seesaw Lessons and how to use those in fun and practical ways. Seesaw Lessons are standard-aligned skills already designed and ready to use in Seesaw. Seesaw lessons include Social Emotional Learning, STEAM, numbers, and phonemes. Let's explore and help you find a way to use them in centers or stations, as independent practice, or as possible asynchronous learning. You will also be learning how to send back approved work with actionable feedback, view comments in the creative tools, assess students' work more easily, and use the NEW Accessibility features to create Accessible content. You will also learn how to create writers workshops right in Seesaw. Finally, you will get a sneak peek of Seesaw messages and how this will replace Inbox and Announcements, and how to use it once it becomes available for all schools. Be ready for two days of hands-on fun, learning, and exploring Seesaw in a new and exciting way.
<b>SPECIAL INSTRUCTIONS:</b>	<b>Please bring a laptop, colored pencils, markers, and permanent markers.</b>
