

Invention Fair Projects

The GATE Invention Fair will be held in person this year at Jane Phillips Elementary on March 11th from 5:30 to 6:00. All Fourth Grade GATE students are required to participate in the fair. Students may work alone or with a partner. All students participating in the GATE Invention Fair are required to submit a video presentation of their complete project through Google Classroom by March 4th. Your invention project should include the following information.

Written Report -

This is a typed report that should include the answers to the following statements. (Submitted through Google Classroom)

- State how you got the idea for the invention.
- Reinforce the purpose or need of the invention.
- Tell steps in planning and creating the invention.
- Share what you learned the most during the process.

Oral Presentation –

Practice telling about your project using your written report as your guide. You will video your presentation at home. (Submitted through Google Classroom)

Invention Project -

Build your own invention: Do you have a problem doing something? Can you think of a way to make a certain job easier? Does something really bug you? If so, use your imagination to create and build an invention that will solve your problem. You must share your invention in your presentation video that you submit through Google Classroom.

Advertising your Invention –

Be Creative when designing a visual aid to promote your invention. You may select what type of product you will produce, for example:

- Poster
- Power point
- Video
- Commercial
- Etc....

Advertisements must be submitted through Google Classroom.

All Parts of the Project are to be submitted through Google Classroom by March 4, 2026.

Thank you for your support!!
