### Opening Items

**1:30** Call to Order, Member [Sign-in](#), and [Land Acknowledgment](#) statement

**1:33** Announcements and Public Comment

- The new Title 5 GE structure will need to be implemented for fall '24, not fall '25, as previously thought. This will mean a tremendous amount of rebuilding during spring and probably summer in order to be ready for fall '24. On Thursday, Nov 9, the day after the CC's last meeting, this announcement came from ASCCC Communications:

On behalf of the California Community Colleges Regulations Coordinator, please read the following notice regarding Associate Degree Requirements:

The California Community Colleges Board of Governors approved regulatory action entitled "Associate Degree Requirements" was filed with the Office of Administrative Law and the California Secretary of State on October 17, 2023. This regulation becomes effective 30 days from the 10-17-2023 filing date or November 16, 2023.

Pursuant to California Code of Regulations, section 52010, college districts may conform their policies and procedures to the regulatory requirements within one hundred and eighty (180) days of the effective date.

The approved final text is attached and will also be posted at the below link shortly.

- Because significant infrastructure changes will be happening under the hood with all GE (and graduation requirement) courses, please refrain from modifying GE courses and the programs that they impact until under the hood expedited changes are complete. Actually, you will have no choice because you cannot modify something already in review. Just hold off till fall '24. Plan what you'd like to do, but don't create or edit anything in CurriQunet.
- It should be fine to work on CTE and non-GE courses and programs without GE courses.
- It should also be okay to work on DEA for GE courses, provided the base course is in review.
- We're talking about 1100 current GE and grad requirement courses! Our GE structure has been bloated, an effect, in part of the old Bipartite system. We are overdue for some housekeeping, and this rebuild will no doubt trigger pruning discussions and GE applicability questions.
- This will take the entire spring term and likely go into summer. We have to preserve the current structure's history and build a new structure; we cannot simply replace the name of the GE area because that would overwrite history. And then there's the mapping and program impacts
- Ack!
- And while we're on the topic of "Hey, California College, it's the middle of the academic year and you need to make major changes by fall semester," all fifty or so Work Experience Education (WEE) course outlines (formerly known as Cooperative Work Experience or CWE) will go through expedited modification so that they display the newly mandated 54 hrs = 1 unit formula. If you need to revise a WEE, please don't do anything in CurriQunet this spring. Please

wait till things are in place for fall '24. The current approval date will remain on the expedited outline.

- Catch up with [Legislative Update with Rachel Cohen](#) segments [on demand](#)
- [Check out the Credit for Prior Learning Curriculum Archive in OneDrive](#)
- Last year's record of 209 DEA is being smashed this semester but with much less stress, thanks to the beautiful new form. Around 230 have been approved, and by the 12/6 meeting there may be another 50, primarily for sp '25. We should be in good shape for a while. Thank you originators and DEA Subcommittee!
- Hoping you have a restful, happy Thanksgiving, accompanied by more peace and love in the world.

### Discussion Items (2:00-3:30)

**2:00** Discussion, resolution, and vote on fall '24 effective semester regarding Title 5 GE, CalGETC alignment, local area names/numbers, and local graduation requirements (i.e., current Areas F and G)

- [CCSF's current GE and graduation requirement structure](#)
- [Newly passed changes to Title 5](#) that impact our GE structure
  - (1) English Composition, Oral Communication, and Critical Thinking (minimum of 6 semester/8 quarter units) including (A) English Composition (min of 3 units) and (B) Oral Communication and Critical Thinking (min of 3 units)
  - (2) Mathematical Concepts and Quantitative Reasoning (min of 3 units)
  - (3) Arts and Humanities (min of 3 units)
  - (4) Social and Behavioral Sciences (min of 3 units)
  - (5) Natural Sciences (min of 3 units)
  - (6) Ethnic Studies (min of 3 units)
- What will GE and grad requirements look like in fall '24?
- Issues and gaps with the Title 5 structure and guidelines (e.g., Where does World Languages fit in?)
- What kinds of impacts will these changes cause?
- Fall '24 as a "soft landing" and fall '25 as a "harder landing"? What does that mean?
- How can the CCSF community help?
- How can we change 1100 courses and deal with their impacts?
- **Resolution:** [CCSF General Education Pattern Changes to Comply with New Title 5 Regulations](#)
- Defining and formalizing a GE Subcommittee

- The CCSF GE Subcommittee is a Curriculum Committee workgroup comprised of faculty, including the Articulation Officer and Curriculum Committee Chair. The GE Subcommittee's focus is on envisioning how CCSF's local GE pattern should change to comply with new Title 5 regulations, include student perspectives, and aspire for more equitable outcomes.
