Spark Era: Echo To Universe Beta Instructions

The Close Beta Test is On!

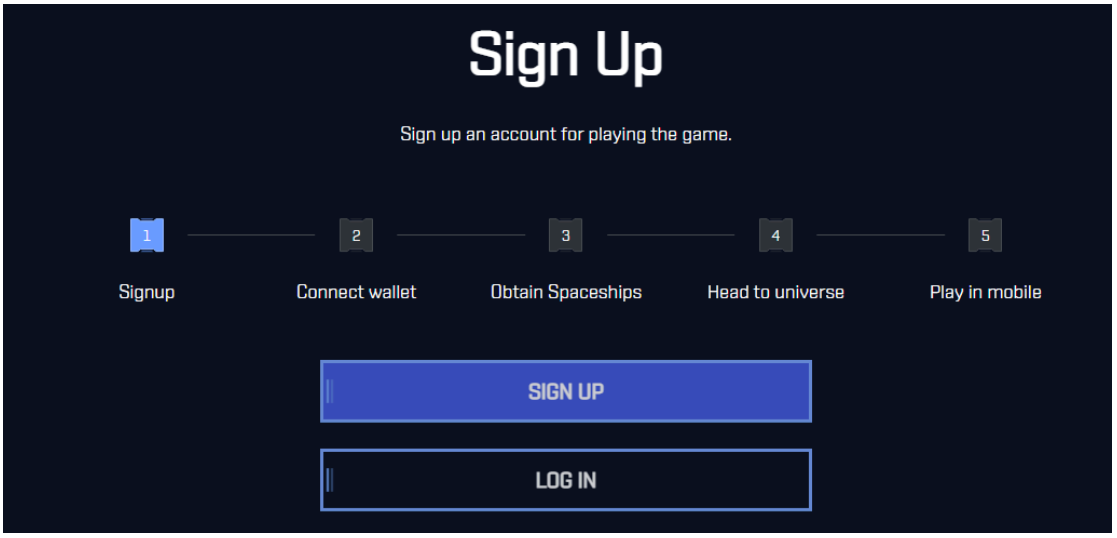

Thank you for joining the closed beta test of Spark Era: Echo to Universe.

Drive your spaceship to win the glory in the universe.

During the close testing , we will give special awards to the winners.

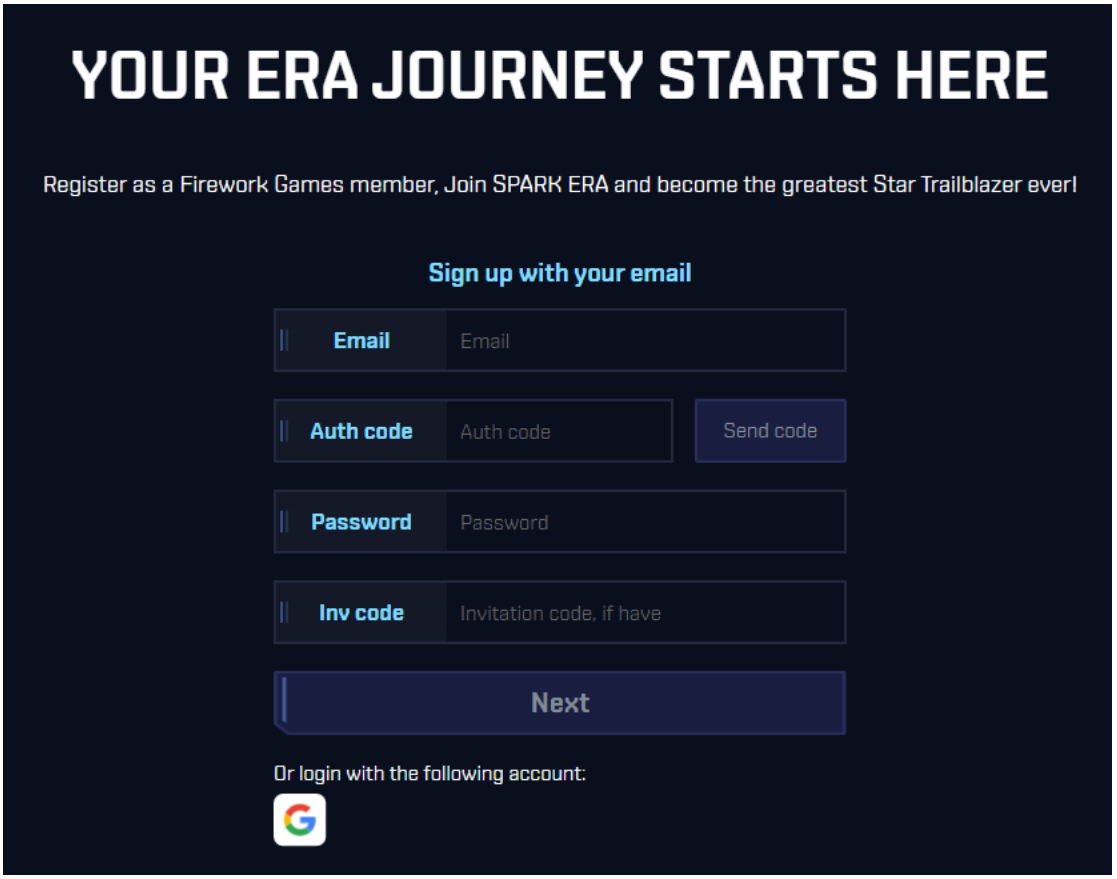

Before playing, we need to prepare things through the below URL:

https://supply.firework.games/game

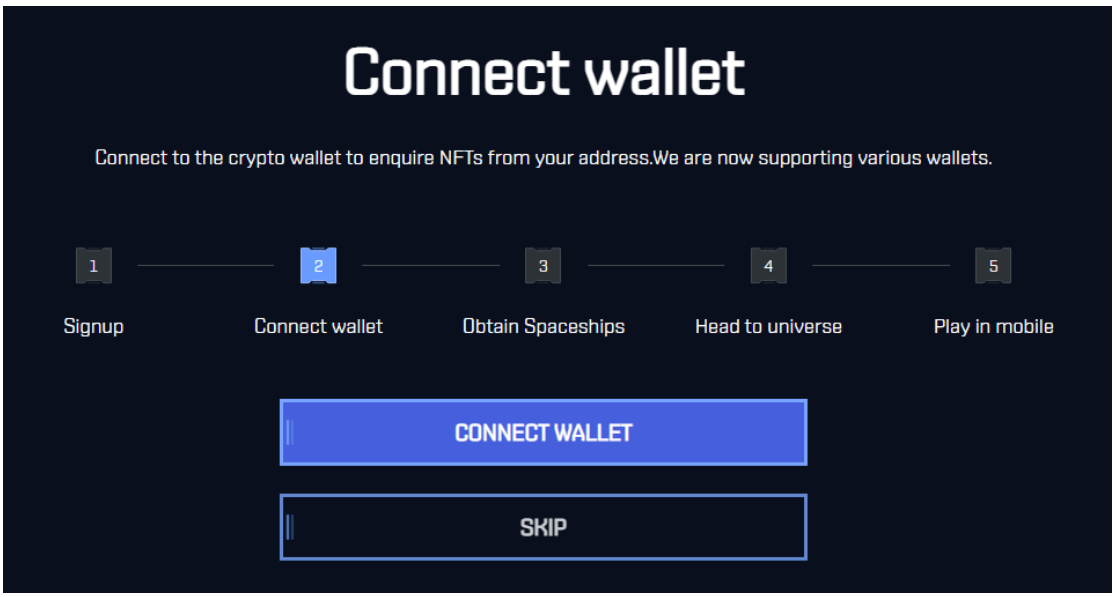

Step1: SignUp and Login

The game needs an account to Login, so we need to sign up with your email and get the auth code received by the mail. Also, if you can also sign up with a Google account .

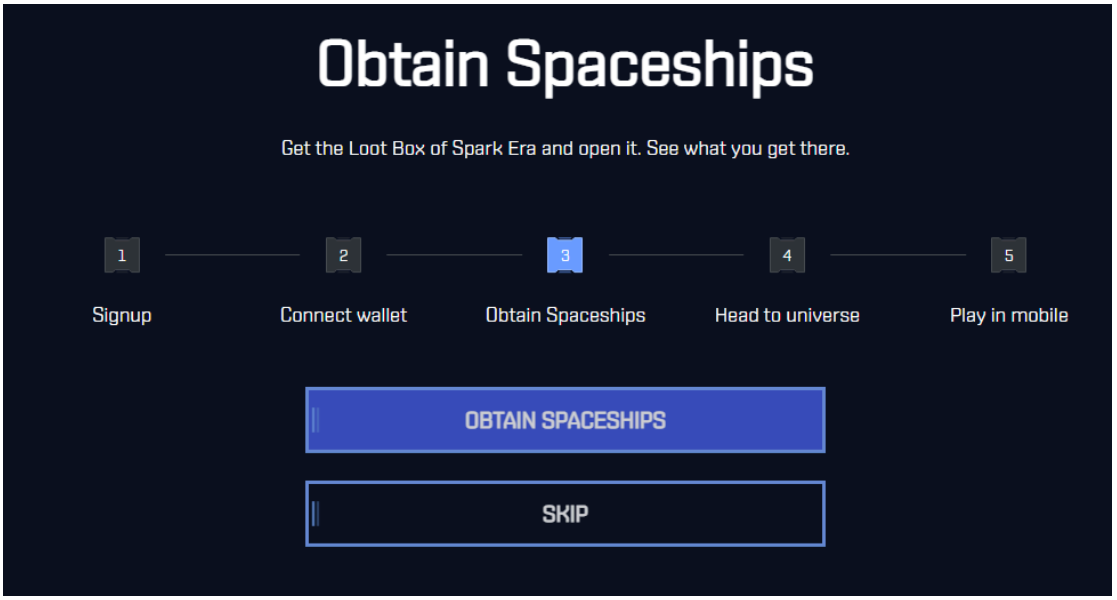

Step2: Connect to the wallet

when login success, please connect your wallet to bind with you account. Be aware that we currently can not unbind the wallet addresses with the account now, so be sure the address is correct.

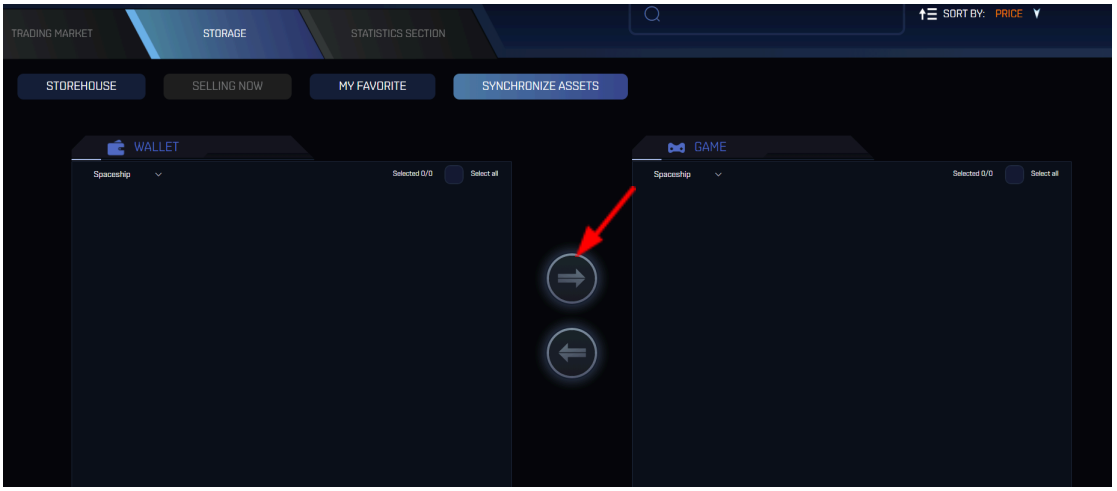

Step3: Obtain Spaceships

In the close beta , we only support spaceship NFT holders to battle in the game. So if you do not have the spaceship, clock the Obtain Spaceship button to get spaceships to battle .

Step4: Head to the universe

This step is to move your spaceships into the Spark Era game . You can synchronize all your spaceships to the game and will support all tokens and NFTs later. And do not worry, you can move out of your spaceship from the game at any time.

Step5: Download and login

We prepare already now, so you can download and log in. The iOS version will come out very soon.

https://download.firework.games/com.Firework.SparkEra_Release.apk

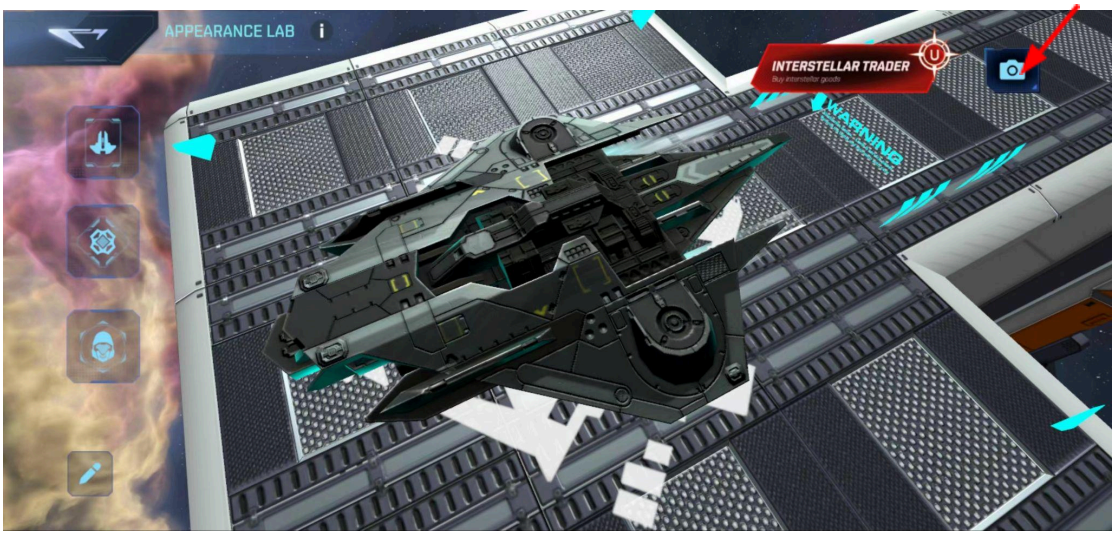

Step6: share to your friends

Now, you can invite your friends to the game , and get a max 5% reward .

Clicking “Appearance Lab” , you can decorate the spaceship and the surroundings to share with your friends.

when you finish your building, you can share with friends by clicking the camera button.

Step 7: let us play

Click starport to select the spaceship you have to battle, then click the “Search Match” button to queue in the battle room to fight!
