

Functions:

- Would like there to be a log-in/create users ability ~at least 150 users for V1
 - Q: Can we remove/approve people?
 - Can we limit create accounts to Oct 18 and Oct 25 9-11a HT
 - Enable Google log-in if we can
 - Views for MVP
 - Generic logged-out
 - Generic logged-in
-

Tabs:

Home (V1)

- Welcome to the AI for Hawai'i workshops!
- Link to start survey
- Link to ending survey (\$50 materials)

Templates (V1)

- K-2
- 3-5
- 6-8
- 9-10
- 11-12

Browse - mostly empty but will have a few sample lessons

- Lessons (V1)
- Worksheet (V2)
- Assessments (V2)

Community (V2)

- Ask questions
- Start a collaboration

Resources (V1)

- Vocab (V1) - probably an embedded airtable, but we can be smarter in V2?
 - Prompt Engineering (V1) - static text
-

IN THE BROWSE TAB:

Tags/filters:

- Grades: Pre-K, K, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12
- Concepts: from CSTA standards

- Technology: Micro:bits, Pen & Paper, Scratch, Raspberry PI
- Cultural References: Oli, Mele, Mo'olelo, Wai, Kalo, Hula, History, 'Ōlelo No'eau -
 - can we make this a search function?

Have the lessons the website

- 1st priority: Make a copy in Drive (so they can edit)
- Let them download it (google doc)

IN TEMPLATE TAB:

20 Lessons skeletons: Google Doc links, so they can create their own copy

- Awesome if prompts make a copy
- For each K-2, 3-5, 6-8, 9-10, 11-12
- Grade band, the following:
 - No-tech AI lessons - creative expression lesson (weaving?)
 - Raspberry PI - Sustainable/low-connectivity AI?
 - Gemini - language lesson
 - Notebook LLM - data sovereignty lesson

Users need to be able to send and/or upload - lets have them send link or upload vis final survey
